KAVA CALL 9

KAVA Call 9 is open in 3 specific categories:

- RIS Capacity Building
- Upscaling
- Education

KAVA Call 9 schedule:

Proposal registration: **Friday, 19 November 2021 at 13:00 CET**

DRAFT Proposal submission: **Friday, 19 November 2021 at 13:00 CET**

FINAL proposal submission: **Friday, 18 March 2022 at 13:00 CET**

<https://eitrawmaterials.eu/call-for-projects-2022/>

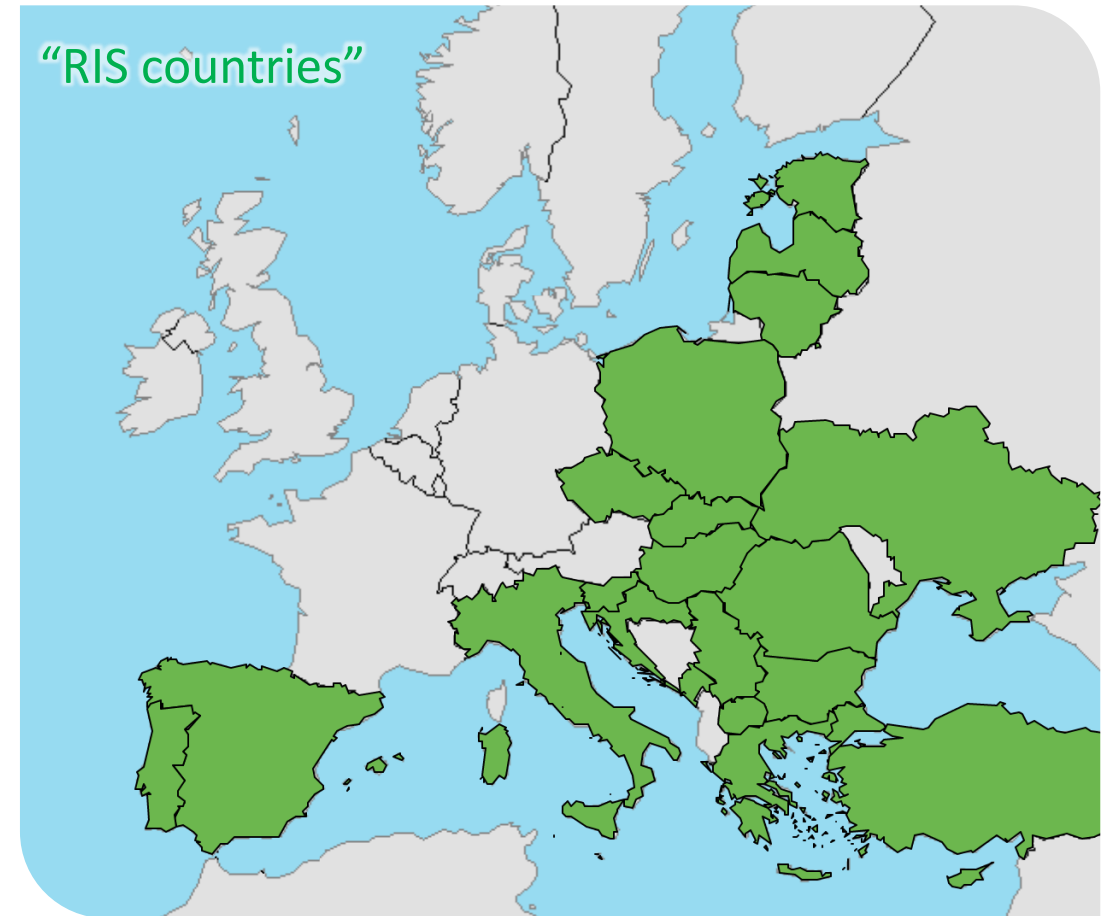

KAVA CALL 9 - RIS CAPACITY BUILDING

WHO IS IT FOR:

- for Entities from RIS countries
- for Activities focusing on RIS countries
- non-RIS partners can cooperate in RIS projects

Our objective: **Increase innovation capacity in RIS countries by impact-driven activities:**

- Engage players from and build networks in RIS countries & Grow KIC-participation in RIS countries – new Partners
- Transfer knowledge triangle integration into RIS countries
- Address a realistic / existing challenge in RIS, quantify it and provide a solution and/or knowledge on how to solve it in a practical way

KAVA CALL 9 – UPSCALING

- Upscaling = innovation projects based on validated technologies that need additional step(s) for up-scaling, demonstration or implementation. The objective - bring the technology to market, as a product, service or process
- Proposals must create impact – be aligned with EIT RawMaterials 2021-2027 Strategic Agenda and should address one of the topics listed in the Lighthouse Appendix
- All projects must contribute to the long-term financial sustainability targets of the KIC by aiming at generating backflow in the event of success.
- Start of project - TRL 5 “technology validated in relevant environment” - End of project – TRL 7 “system prototype demonstration in operational environment”
- Co-funding contributed by the project consortium at minimum 30% of the total funding
- Upscaling projects must aim for market introduction and/or a commercial use within 3 years (or less) after the end of project.
- The proposal must clearly state who (which partner) will be responsible for commercialization, and outline a plan for market introduction
- Preliminary market analysis must be included in the proposal and will be the basis for the Go-to-market strategy that will be developed during the project. The Go-to-market strategy will be updated throughout the duration of the project and enable go/no-go decisions following annual reviews

KAVA CALL 9 – EDUCATION

Lifelong learning programmes

- EIT RawMaterials seeks **4 programmes** of professional courses (4 topics)
- Duration: **1-3 years**

PhD summer/winter schools

- EIT RawMaterials seeks **3 schools** (in English) – one per Lighthouse (3 topics)
- Duration: **max. 3 years** (1st year for programme development)
- EIT RawMaterials will provide **complementary marketing** to the selected projects and together with the selected PhD summer/winter schools, develop a joint branding, marketing and recruitment strategy

START-UP AND SME BOOSTER CALL

Submit your application by 31 March 2018
eitrawmaterials.eu/booster-call/

This activity has received funding from the European Institute of Innovation and Technology (EIT), a body of the European Union, under the Horizon 2020, the EU Framework's programme for research and innovation

**UP TO
€60.000**

JANUARY

Read the call, Terms & Conditions, download the templates at: eitrawmaterials.eu/booster-call/

Register at:

www.jytyi.fi/reg/EITRM_Booster/

31 MARCH

Shortlisting and invitation to pitch

Prepare your pitch

APRIL

Online pitching sessions to a reviewer panel

Results of the selection will be communicated to you shortly and Project Agreement will be sent

MAY

You can start your project as soon as the PA is signed

Prepayment is paid after signature of the PA

AUGUST

Mid-term review, change request in case of deviation

Online or in-situ

DECEMBER

Final Technical & Financial reporting
Balance payment after reports received

Co-funded by the
European Union
