Innosuisse

The Enterprise Europe Network (EEN) Switzerland supports Swiss SMEs in their international development efforts, by facilitating technology transfers, international partnerships and agreements, and research and technology collaborations. Furthermore, we provide information on European funding programmes (e.g. Eurostars). The EEN with its 600 partner organisations supports the competitiveness and innovation of companies and establishes transnational cooperation in over 60 countries, Business-to-Business as well as Business-to-Academia. The EEN Switzerland is affiliated to the Swiss Innovation Agency Innosuisse. For more information: www.swisseen.ch.

Direct matching / individual partnering support

You couldn't find a suitable match on the platform?

- You have a project in mind (description)
- You know the type of organisation and skills you need to complete the consortium

Direct matching / individual partnering support

You couldn't find a suitable match on the platform?

- You have a project in mind (description)
- You know the type of organisation and skills you need to complete the consortium

We help finding partners through our national networks & Enterprise Europe Network partner organisations!

Simple template to promote your project idea

Details of the innovative technology and project

<p>Title (Max 256 characters incl. spaces):</p>	<p>The title should be clear and meaningful and should make the reader understand in one glance what kind of partner the client is looking for.</p>
---	---

<p>Detailed description (Max. 4000 characters incl. spaces):</p>	<p>A good description should contain the following pieces of information:</p> <ul style="list-style-type: none"> □ The project: <ul style="list-style-type: none"> - Provide an introductory overview of the domain in which the R&D project is embedded and for what the results will be useful. - Explain the context: describe the project's aims and the issue to be tackled: what will be researched/developed, why and with whom.
--	--

Profile of the partner you are looking for

<p>Type and role of partner sought:</p> <p>The specific area of activity of the partner and the tasks to be performed by the partner sought:</p>	<p>This field is very important. Giving specific details about the partner sought will help other Enterprise Europe Network partners to address the right companies in their regions and create relevant <u>EoI</u>.</p> <p>Specific area: Example: Manufacturer of plastic packages, distributor of plastic packages or recycler of plastic packages, etc.</p>
---	---

	<p>Tasks to be performed: You should clearly state what is expected from the partner</p>
--	---
