

INTERNAL SECURITY FUND POLICE (2014-2020)

2015 CALL FOR PROPOSALS – HOME/2015/ISFP/AG/THBX

ACTIONS ADDRESSING TRAFFICKING IN HUMAN BEINGS

1. INTRODUCTION

Article 67(3) of the Treaty on the Functioning of the European Union (TFEU) declares as the European Union's objective ensuring a high level of security within an area of freedom, security, and justice.

To achieve this objective, enhanced actions at European Union level should be taken to protect people and goods from increasingly transnational threats and to support the work carried out by Member States' competent authorities. Terrorism, organised crime, itinerant crime, drug trafficking, corruption, cybercrime, trafficking in human beings and arms, inter alia, continue to challenge the internal security of the Union.

The Internal Security Strategy for the European Union (Internal Security Strategy), adopted by the Council in February 2010, constituted a shared agenda for tackling these common security challenges and identified the following relevant strategic objectives for 2010-2014: to disrupt international crime networks, to prevent terrorism and address radicalisation and recruitment, to raise levels of security for citizens and businesses in cyberspace and to increase Europe's resilience in the face of crises and disasters.

To promote the implementation of the Internal Security Strategy and to ensure that it becomes an operational reality, the Internal Security Fund (ISF Police) was set up.

In April 2015 the European Commission adopted the European Agenda on Security (EAS) for the coming five years, which builds on the actions undertaken under the previous Internal Security Strategy, thus ensuring consistent and continued action. The EAS represents an effective and coordinated response at European level to new and complex threats and sets out how the European Union can bring added value to support the Member States in ensuring security. It has identified the following three priorities: tackling terrorism and preventing radicalisation, disrupting organised crime and fighting cybercrime.

On the basis of the EAS, the Council adopted in June 2015 the renewed European Union Internal Security Strategy 2015-2020 confirming tackling and preventing terrorism, radicalisation to terrorism and recruitment as well as financing related to terrorism, preventing and fighting serious and organised crime and preventing and fighting cybercrime as the main priorities for European Union's actions.

Legal basis of ISF Police are the following regulations:

- Regulation (EU) No 513/2014 of the European Parliament and of the Council of 16 April 2014 establishing the Instrument for financial support for police cooperation, preventing and combating crime, and crisis management (OJ L 150 of 20 May 2014);
- Regulation (EU) No 514/2014 of the European Parliament and of the Council of 16 April 2014 laying down general provisions on the Asylum, Migration and Integration Fund and on the instrument for financial support for police cooperation, preventing and combating crime, and crisis management (OJ L 150 of 20 May 2014).

The ISF Police Regulation sets out two specific objectives, respectively:

- (i) crime prevention, combating cross-border, serious and organised crime including terrorism, and reinforcing coordination and cooperation between law enforcement authorities and other national authorities of Member States, including with Europol or other relevant Union bodies, and with relevant third countries and international organisations;
- (ii) enhancing the capacity of Member States and the Union for managing effectively security-related risks and crises, and preparing for and protecting people and critical infrastructure against terrorist attacks and other security-related incidents.

In conformity with Regulation (EU) No 514/2014 Article 6.2, in order to implement the ISF Police, the Commission has adopted, on **8 June 2015**, the 2015 Annual Work Programme for Union Actions, which includes this Call for Proposals.

Overview of policy context

Trafficking in human beings (THB) is a grave violation of human rights and a serious form of organised crime. As such it is the only form of organised crime expressly prohibited in the EU Charter of Fundamental Rights. As a serious form of crime and a threat to security it often has implications which individual countries cannot effectively address on their own.

Estimates bring the numbers of people trafficked in the EU every year possibly to hundreds of thousands. Trafficking in human beings takes many different forms and trends change rapidly. It targets women and men, girls and boys in vulnerable positions. Victims are often recruited, transported or harboured by force, coercion or fraud in exploitative conditions, including sexual exploitation, forced labour or services, begging, criminal activities, or the removal of organs. Women and men, boys and girls are traded for the purpose of sexual or labour exploitation, removal of organs, begging, domestic servitude, forced marriage, illegal adoption as well as other forms of exploitation.

According to the second Eurostat working paper on trafficking in human beings statistics for 2010-2012, there were 30 146 victims registered in EU Member States. 80% of victims are female, and 70% of traffickers are male. 16% of registered victims are children, girls and boys. Data prove that the most widespread form of exploitation is sexual exploitation (69%), of which women and girls are the vast majority of victims (95%). Over 1000 child victims were trafficked for sexual exploitation. Trafficking for labour exploitation constitutes 19% of the reported cases, primarily affecting men and boys (71%), followed by other forms, like trafficking for engaging into criminal activities or for selling of children. The UNODC Global Report on Trafficking in Human Beings also confirms these findings.

The EU Legal Framework: Directive 2011/36/EU on preventing and combating trafficking in human beings and protecting its victims

Directive 2011/36/EU replaces the Framework Decision 2002/629/JHA on combating trafficking in human beings¹ and is the first EU legislation on the subject. Apart from approximating substantive criminal law, it takes a zero-tolerance approach towards the traffickers, brings robust provisions on victim's protection and supports the principle of non-punishment for petty crimes and unconditional assistance. The Directive adopts a strong human-rights approach. It incorporates a strong gender-specific perspective recognizing that women and men are often trafficked for different purposes. The Directive also emphasises the importance of partnerships, in particular with civil society.

The EU Policy Framework: The EU Strategy towards the Eradication of Trafficking in Human Beings (2012-2016)

In June 2012 the Commission adopted the EU Strategy towards the Eradication of Trafficking in Human Beings (2012-2016), a set of concrete and practical measures to be

¹ Directive 2011/36/EU of the European Parliament and of the Council of 5 April 2011 on preventing and combating trafficking in human beings and protecting its victims, OJ 15.04.2011, L 101.

implemented over the next five years. With this EU Strategy², the Commission focuses on concrete actions that support and complement the implementation of EU legislation on trafficking (Directive 2011/36/EU - deadline for transposition was April 2013). The strategy includes the prevention of the phenomenon, the protection and support of the victims, as well as the prosecution of the traffickers. It identifies five priorities:

- A. Identifying, protecting and assisting victims of trafficking
- B. Stepping up the prevention of trafficking in human beings
- C. Increased prosecution of traffickers
- D. Enhanced coordination and cooperation among key actors and policy coherence
- E. Increased knowledge of and effective response to emerging concerns related to all forms of trafficking in human beings.

The aforementioned EU Directive and the Strategy adopt a comprehensive approach that is victim-centred and anchored in human rights. It is gender specific and child sensitive.

Ahead of the Eighth EU Anti-Trafficking Day on 18 October 2014, the European Commission issued the Midterm report on the Implementation of the EU Strategy³, which takes stock of how the EU Strategy has been implemented, from early 2012 to the third quarter of 2014. The report includes work carried out through cooperation between EU institutions, EU agencies and bodies, Member States, civil society organisations and the private sector. It covers action taken within the EU and in cooperation with non-EU countries of origin, transit and destination.

2. PRIORITIES OF THIS CALL FOR PROPOSALS

The present Call for Proposals aims at funding projects addressing trafficking in human beings that support the implementation of the Directive 2011/36/EU and the EU Strategy towards the Eradication of THB 2012-2016 taking also in consideration the Mid-term report on the implementation of the EU strategy and the Second Eurostat Statistical Paper on THB.

Project applications submitted under the Call for Proposals must address at least one of the following priorities:

- 1) Actions promoting the proactive use of, and operational cooperation on financial investigations;
- 2) Actions focusing on the use of internet in relation to financial flows and profits linked to trafficking in human beings;
- 3) Actions focusing on victims assistance and measuring the costs thereof (personal, social, financial, such as the value of the lost economic output, the human and emotional costs, costs and challenges on service provision to victims, etc);
- 4) Actions, in particular legal analysis and studies, focusing on how the demand which fuels trafficking for sexual exploitation can be reduced as a means of prevention.

When the proposals concern any potential ethical or child protection issues, applicants are required to provide a description of child protection policies in place for any project activities that involve interactions with children. Proposals, in particular including children, should promote an integrated child protection system approach. For more details see: http://ec.europa.eu/justice/fundamental-rights/files/2015_forum_roc_background_en.pdf.

Proposals must take a victim-centred approach, and be gender specific where possible. Proposals should aim at strengthening cooperation between NGOs and law enforcement when applicable.

Creating appropriate links with countries of origin of victims is not excluded.

² The EU Strategy towards the Eradication of Trafficking in Human Beings 2012-2016", COM(2012)286 final.

³ Mid-term report on the implementation of the EU strategy towards the eradication of trafficking in human beings, COM(2014) 635 final.

Proposals should include a clear sustainability plan to ensure that the results of the project are useful in the long-term and after the end of the funding.

Any actions under this Call for Proposals shall respect and shall be implemented in line with the rights and principles enshrined in the Charter of Fundamental Rights of the European Union. Applications should pay appropriate attention to the effects of the project on individual rights and freedoms, as well as to possible remedies. 8. SELECTION CRITERIA

8.1. Financial capacity

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period during which the action is being carried out and to participate in its funding.

Financial capacity will be assessed on the basis of the following values and ratios:

1. The ratio between the grant requested and the operating income, and the ratio between the grant requested and the total assets should not be excessive, both for the Applicant and Co-applicants.
2. The Applicant and Co-applicants will be assessed against the following ratios⁹:
 - general liquidity: current assets/current liabilities
 - financial independency: own funds/(total liabilities + own funds)
 - indebtedness: own funds/(own funds + long-term liabilities)
 - profitability: gross operating profit¹⁰/operating income
 - self-financing capacity: net result + amortisation + depreciation.

In case of low financial capacity, the Commission may decide the following:

- request further documents;
- request budget modifications / reallocations of costs;
- introduce interim payments based on interim reports;
- modify pre-financing percentage.

In case of insufficient financial capacity, the Commission may decide the following:

- request a change of Co-applicant;
- reject the application.

Supporting documents: The Applicants' financial capacity will be assessed on the basis of a Declaration of Honour to be provided by the Applicant (Annex 1) and each Co-applicant (Annex 2) which must be printed out, signed by the authorised signatory and included (as a scanned document) in the Application Package, as well as the following supporting documents to be submitted with the application:

- completed Financial Capacity Form (MS Excel file - Annex 4);
- the profit and loss account and the balance sheet for the last financial year for which the accounts were closed (Annex 5).

For newly created entities, the business plan including the starting financial statement may replace the above documents.

⁹ In the following ratios, '/' stands for 'divided by'.

¹⁰ Gross operating profit is calculated by adding back amortisation and depreciation to the operating profit.

In addition, for Applicants and Co-applicants applying for grants \geq EUR 750.000, an audit report produced by an approved external auditor certifying the accounts for the last financial year available must be provided.

The financial capacity assessment is not applicable to public bodies and international organisations. Therefore they do not need to submit any supporting documents for financial capacity.

8.2. Operational capacity

Applicants must have the professional competencies as well as appropriate qualifications necessary to complete the proposed action. This capacity shall be assessed based on the experience of the Applicants and each Co-applicant or, as an alternative, on the relevant experience of their directly involved employees.

Supporting documents: The Applicants' operational capacity will be assessed on the basis of a Declaration of Honour to be provided by the Applicant (Annex 1) and each Co-applicant (Annex 2), which must be printed out, signed by the authorised signatory and included (as a scanned document) in the Application Package, as well as the following supporting documents to be submitted with the application:

- a lists of previous EU funded projects and activities implemented by the Applicant and Co-applicants in the last 4 years (to be indicated in the Application Form, section 2.2)
- or, where the Applicant or Co-applicant have not carried out any EU funded projects, a list of projects (similar in size and resources managed to the one described in the application) carried out by the Applicant and Co-applicants (Annex 6)
- or, where the Applicant or Co-applicant have not carried out any relevant project, the curriculum vitae and/or description of the profile of the people primarily responsible for managing and implementing the project activities (Annex 6).

The operational capacity assessment is not applicable to public bodies and international organisations. Therefore they do not need to submit any supporting documents for operational capacity.

9. AWARD CRITERIA

Eligible applications and their proposed action will be assessed on the basis of the following award criteria:

- **Relevance:** applications will be assessed on the extent to which they match the priorities as identified in this Call for Proposals (section 2 above) and in the relevant EU strategic documents and/or action plans (section 1 above), and on whether the expected impact will be significant on the selected priority(ies) (30 points)

Applications receiving less than 21 points for the "relevance" criterion will not be evaluated further.

- **Quality:** applications will be assessed with regards to the appropriateness of their design and planned implementation, taking into account the envisaged activities, methodology, organisation of work and strategy for project management, evaluation and dissemination (20 points)
- **Cost-effectiveness:** applications will be assessed with regards to whether the costs of the proposed action are adequate to the activities and proportionate to the expected results (30 points)
- **European added value:** the project activities, outcomes and impact should have a broad EU relevance; applications will be assessed on whether a suitable number of

countries is involved in the project activities and on whether the expected impact will concern a significant number of countries (20 points).

Applications that pass the threshold of minimum 65 points will be considered for funding within the limits of the available budget. The European Commission will then prepare an award decision listing the projects proposed for award, projects on reserve list and rejected projects.

10. LEGAL COMMITMENTS

A Commission award decision does not represent a legal or financial commitment. The award of each grant is subject to the conclusion of a Grant Agreement in writing.

In the event a grant is awarded by the Commission, a Grant Agreement, drawn up in euro and detailing the conditions and level of funding, will be sent to the Coordinator, as well as instructions on how to formalise the obligations of the parties

Please note that the award of a grant does not establish any entitlement for subsequent years.

11. FINANCIAL PROVISIONS

11.1. General Principles

a) Non-cumulative award

An action may only receive one grant from the EU budget.

In no circumstances shall the same costs be financed twice by the Union budget. To ensure this, applicants shall indicate the sources and amounts of Union funding received or applied for the same action or part of the action or for its functioning during the same financial year as well as any other funding received or applied for the same action (Application Form, section 2.1 and 2.2).

b) Non-retroactivity

No grant may be awarded retrospectively for actions already completed. A grant may be awarded for an action which has already begun only where the Applicant can demonstrate the need to start the action before the Grant Agreement is signed. In any case, costs eligible for financing may not have been incurred prior to the date of submission of the grant application.

c) Co-financing

Co-financing means that the resources which are necessary to carry out the action may not be entirely provided by the EU grant.

Co-financing of the action may take the form of:

- the Beneficiary's own resources,
- income generated by the action,
- financial contributions from third parties.

d) Balanced budget

The Budget Estimate of the action is to be attached to the Application Form. It must have revenue and expenditure in balance and must be drawn up in euro.

Beneficiaries with general accounts in a currency other than the euro shall convert costs incurred in another currency into euro at the average of the daily exchange rates published in the C series of Official Journal of the European Union, determined over the corresponding reporting period.¹¹ Where no daily euro exchange rate is published in the

¹¹ For further guidance on exchange rate please consult the Guide for Applicants.

Official Journal of the European Union for the currency in question, conversion shall be made at the average of the monthly accounting rates established by the Commission and published on its website (http://ec.europa.eu/budget/contracts_grants/info_contracts/infoeuro/infoeuro_en.cfm), determined over the corresponding reporting period.

Beneficiaries with general accounts in euro shall convert costs incurred in another currency into euro according to their usual accounting practices.

Where the implementation of the action requires the award of procurement contracts (implementation contracts), the Beneficiary must award the contract to the bid offering best value for money or the lowest price (as appropriate), avoiding conflicts of interests and retain the documentation for the event of an audit. Detailed information on subcontracting is provided in the Guide for Applicants.

e) Financial support to third parties

The applications may not envisage provision of financial support to third parties.

f) Non-profit rule

EU grants may not have the purpose or effect of producing a profit within the framework of the action. Profit shall be defined as a surplus of the receipts over the eligible costs incurred by the Beneficiary, when the request is made for payment of the balance. In this respect, where a profit is made, the Commission shall be entitled to recover the percentage of the profit corresponding to the Union contribution to the eligible costs actually incurred by the Beneficiary to carry out the action.

11.2. Maximum amount requested

The EU grant is limited to a maximum co-funding rate of 90% of the total eligible costs of the action.

Consequently, part of the total eligible expenses entered in the Budget Estimate must be financed from sources other than the EU grant (see section 11.1.c).

The Commission reserves the right to reduce the estimated costs in the Budget Estimate, if they are deemed as ineligible.

11.3. Payment arrangements

A pre-financing payment corresponding to maximum 80% of the EU grant amount will be transferred to the Coordinator after the signature of the Grant Agreement by both parties and in accordance with its terms.

The Commission will establish the amount of the final payment to be made to the Coordinator on the basis of the calculation of the final grant amount. If the total of earlier payments is higher than the final grant amount, the Beneficiaries will be required to reimburse the amount paid in excess by the Commission through a recovery order.

12. PROCEDURE FOR THE SUBMISSION OF APPLICATIONS

Applications must be submitted electronically via the PRIAMOS system in accordance with the formal requirements set out under section 5 and by the deadline set out under section 3, after which the system will not accept any application.

No modification to the application is allowed once the deadline for submission has elapsed. However, if there is a need to clarify certain aspects or for the correction of clerical mistakes, the Commission may contact the Applicant during the evaluation process. Failure to respond by the deadline set may lead to rejection of the application. Applicants must take the necessary steps to ensure that they can respond rapidly until the end of the selection process.

Applicants are requested to log in at the PRIAMOS system at http://ec.europa.eu/dgs/home-affairs/financing/fundings/priamos-section/index_en.htm and follow the procedure for submitting an application.

Applications submitted via the PRIAMOS system shall not be sent by regular mail or by e-mail. Applications that are not submitted via PRIAMOS shall not be considered for evaluation.

Applications must be submitted using the forms and templates provided. If the forms or templates are altered, the application may be rejected.

Applications for several projects

The Applicant may submit more than one application under this Call for Proposals. Note that if an Applicant wants to submit more than one application under the same Call for Proposals, a different Application Form must be downloaded from Priamos for each application, so that each application has its unique application number.

The Applicant may be awarded more than one grant under this Call for Proposals.

An organisation may participate as an Applicant or Co-applicant in several applications.

Several applications for the same project

Only one application will be accepted and evaluated for any given project.

If the Applicant submits more than one version of the Application Package or of documents contained therein under the same application number, only the latest version submitted will be taken into consideration for the evaluation.

In case there are several applications for the same project with different application numbers, the Applicant (contact person mentioned in the application) will be asked to clarify which application shall be evaluated.
