

Introduction to Biodiversa+ calls 2023 & 2024.

Integration of SSH and societal/policy impact

WEBINAR
16 June 2023
09.30 – 12.15

The National Science Centre, Poland and the Polish Science Contact Agency PolSCA of the Polish Academy of Sciences in Brussels are pleased to invite you to an information session aiming to introduce new calls to be launched by the [Biodiversa+ European Partnership](#) under Horizon Europe framework programme in September 2023 and 2024, as well as to highlight some important aspects to be considered by potential applicants. The meeting will be specifically dedicated to the life sciences (LS), and the social sciences and humanities (SSH) research communities, and will take place soon after Biodiversa+ 2023 call pre-announcement.

With this event we plan to provide concise information for potential applicants to the **Biodiversa+ calls 2023 and 2024**, with a special focus on SSH researchers being invited to join consortia and to bring important input in research on biodiversity and ecosystem services. The event will also address societal and/or policy impact of the proposals as this comprises one of the criteria taken into account in the evaluation process. In addition, good practices in drafting proposal, collaboration within consortium, involvement of stakeholders as well as integration of SSH aspects in the project will be discussed, based on the activities of Polish beneficiaries of BiodivERsA.

Furthermore, based on registration data from participants, a networking dataset will also be created of researchers representing life sciences and SSH, who are interested in future cooperation within the next Biodiversa+ calls for proposals.

The event will be held in English and is opened to everyone interested in securing funds for research and innovation actions in the field of biodiversity. Only **registered** participants will be provided with necessary connection details prior to the event. **The [registration](#) deadline is June 14.**

WEBINARIUM

EUROPEAN PARTNERSHIP ON BIODIVERSITY

UPCOMING CALLS 2023 & 2024

16.06.2023
09.30 – 12.15

#HorizonEU

AGENDA

- 09.30 – 09.40** **Welcoming and introduction**
- Dr Tomasz Poprawka, Joanna Komperda – Polish Science Contact Agency, PolSCA*
- 09.40 – 09.55** **Introduction to Biodiversa+ Calls 2023 & 2024**
- Dr Mateusz Sobczyk, Anna Kotarba – National Science Centre*
- 09.55 – 10.20** **How to address societal/policy impact in your proposal? And why integration of SSH matters in research on biodiversity?**
- Frederic Lemaitre – Biodiversa+*
- 10.20 – 10.40** **Session Q&A**
- 10.40 – 10.50** **Break**
- 10.50 – 11.05** **What are nature-based solutions?**
- Prof. Krzysztof Szoszkiewicz, Poznań University of Life Sciences*
- 11.05 – 11.15** **SESSION Q&A**
- 11.15 – 12.15** **Lets share some good practices of BiodivERsA/Biodiversa+ beneficiaries! Panel discussion followed by Q&A session**
- Prof. Jakub Kronenberg, University of Łódź*
- Prof. Katarzyna Hryniewicz, Nicolaus Copernicus University in Toruń*
- Prof. Ksenia Pazdro, Institute of Oceanology, PAS*
