INNOVATION IN DISASTER PREVENTION

CHALLENGES
SOLUTIONS
AND OPPORTUNITIES

Iceland
Liechtenstein
Norway grants

➤ The governments of **Poland, Norway, Liechtenstein and Iceland** are pleased to announce

an EEA/Norway Grants conference
on innovation in disaster risk reduction.

The conference will focus
on current challenges and innovative
risk management solutions.

➤ **We invite you to:**

Learn more about the Sendai Framework and synergies with the EU Civil Protection Mechanism.

See what's new in the field of geospatial data management and other innovations in disaster risk reduction.

Share your experience and discuss local challenges and opportunities for building resilient societies.
