Swiss-Polish Cooperation Programme

General information

The Swiss-Polish Cooperation Programme/ Swiss Funds/Swiss Contribution

- Swiss investment in stability, security and prosperity in Europe
- Objectives:
 - to contribute to the reduction of the economic and social disparities within the EU and within new EU members
 - to strengthen and deepen bilateral relations with the EU partner countries and the EU as a whole
 - to strengthen cohesion in Europe and to support countries that face exceptional migration challenges

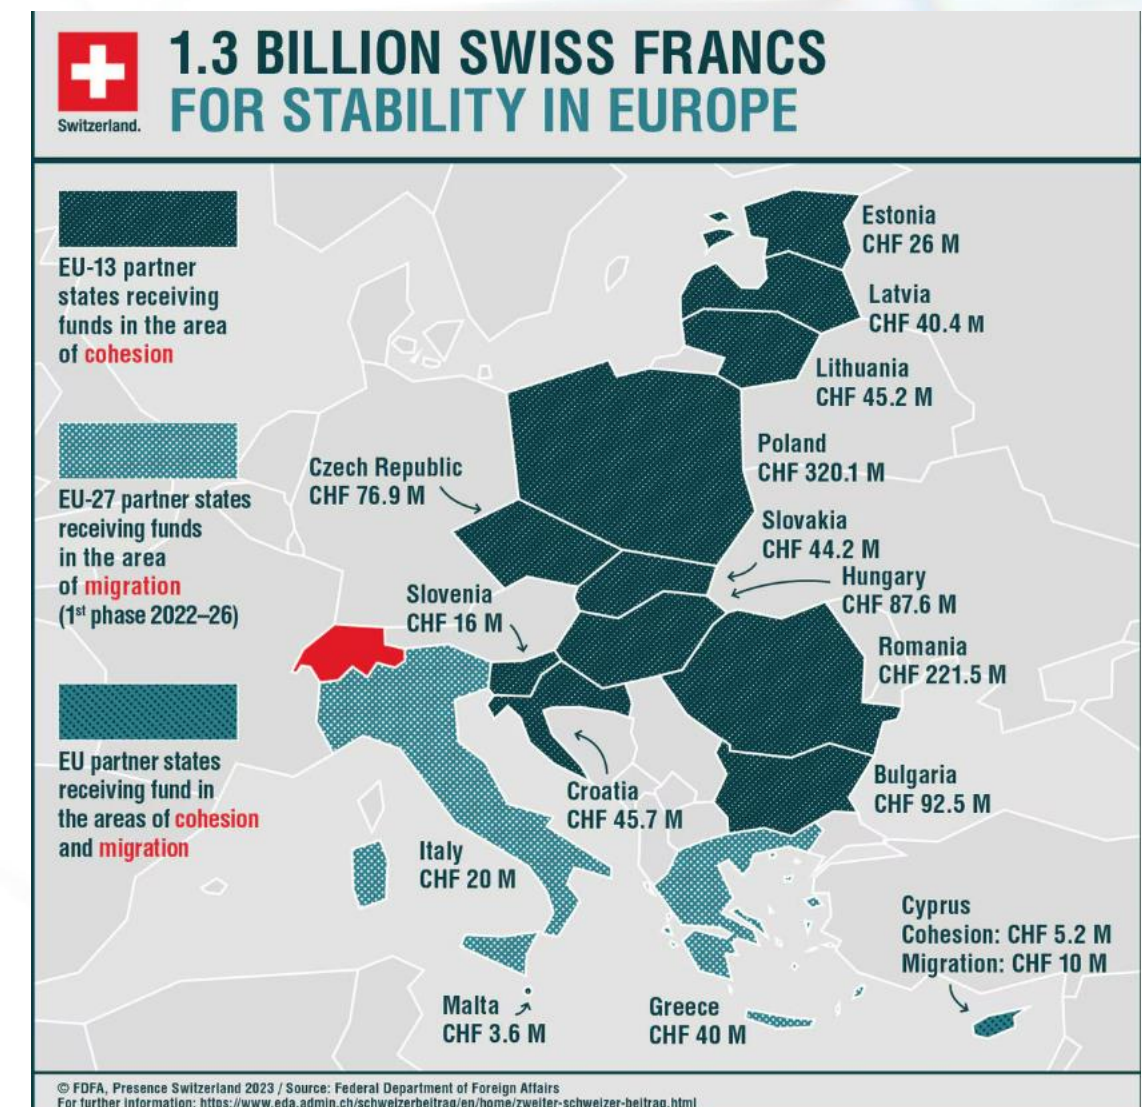

1st Swiss Contribution, 2007-2017

- CHF 1 billion for non-refundable aid for the new EU member states
- CHF 464.6 milion for Poland
- 58 large and 1,700 smaller projects realized
- public institutions, private sector, non-governmental organisations benefitted
- 5 areas of financing: regional development and border protection; environment and infrastructure; private sector; science, health and social welfare; civil society and partnership cooperation

2nd Swiss Contribution, 2019 – 2029

- CHF 1.302 billion
- CHF 320.1 million for Poland (the biggest beneficiary)
- support for the EU-13 states or countries facing major migration flows

Legal basis

- **Regulations** on the implementation of the second Swiss Contribution to selected member states of the European Union to reduce economic and social disparities within the European Union (Regulations)
- **Framework Agreement** between the Republic of Poland and the Swiss Confederation on the implementation of the second Swiss Contribution to selected member states of the European Union to reduce economic and social disparities within the European Union
- **Memorandum of Understanding** between the European Union and Switzerland on a contribution by Switzerland towards reducing economic and social disparities and for cooperation in the area of migration in the European Union

Institutions

- **National Coordination Unit (NCU)** - Ministry of Development Funds and Regional Policy
- **Paying Authority** - Paying Authority Department in the Polish Ministry of Finance
- **Audit Authority** - Department for Audit of Public Funds at the Ministry of Finance

2nd Swiss Contribution Programmes

- Polish Swiss Programme for Development of Towns (DoT)
- Research and Innovation Programme:
 - Basic Research
 - Applied Research

Polish Swiss Programme for Development of Towns (DoT)

- Programme Operator: Ministry of Development Funds and Regional Policy
- contributing to the reduction of economic and social disparities within Poland by increasing the quality of life of citizens living in medium-sized towns
- for towns at risk of losing socio-economic functions
- deadline for applications in the first phase of the call: 16 December 2024
- CHF 327,882 million, including:
 - CHF 278,7 million - Swiss contribution,
 - CHF 49,182 million - Polish contribution.

Research and Innovation Programme: Basic Research

- Programme Operator:
 - Swiss National Science Foundation (SNSF)
 - Partner: National Science Centre (NCN)
- **Multilateral Academic Projects (MAPS)** aims to strengthen research collaboration between Bulgaria, Croatia, Hungary, Poland, Romania, and Switzerland
- basic research projects in all academic disciplines
- call open until 1 July 2024
- more info: www.snf.ch or www.ncn.gov.pl

Research and Innovation Programme: Applied Research

- Programme Operator:
 - National Centre for Research and Development
 - Partner: Swiss Innovation Agency – Innosuisse (<https://www.innosuisse.ch/>)
 - supporting NCBR in its tasks, including the preparation of the Programme
 - contributing to the dissemination of information about the Programme and calls in Switzerland including partner search activities
 - supporting Swiss entities during the implementation phase

Budget

- Research and Innovation Programme budget:
 - CHF 41,176 million, including:
 - CHF 35 million - Swiss contribution,
 - CHF 6,176 million - Polish contribution.
-
- Basic Research – CHF 6 million
 - **Applied Research – CHF 35,176 million**

Objectives:

- Research and Innovation Programme, Applied Research aims at achieving sustainable development and long-term economic growth through research-based knowledge development.
- International research and development projects implemented under the Programme should lead to improved competitiveness of companies in applied research and support young and female researchers in the projects.

Outcomes

- further internationalisation and capacity building for research organisations and enterprises
- improved competitiveness of companies in applied research
- high TRL levels, ideally allowing the commercialization of results and their introduction into the economy
- creation of long-term partnerships and the mobility of qualified scientists and entrepreneurs.

2024 CALL for proposals

- call duration: 22 April - 1 July 2024
- 50% of the total allocation secured for the 1st call (CHF 15 milion)
- no thematic limitation; research shall be focused exclusively on civil applications, in line with and in support of the Sustainable Development Goals
- bottom-up approach to identify the areas that need the most development

2025 CALL for proposals

- launching in Q1 2025
- 50% of the total allocation
- the thematic areas will be determined by analyzing CALL 2024
- female and young researchers' participation
