

## Reserve list

Programme/call: Programme "Applied research" under the Norwegian Financial Mechanisms 2014 – 2021 / POLNOR CCS 2019					
Thematic areas: not applicable					
Submission dates: 23/09/2019 - 12/12/2019					
Lp.	Acronym	Applicant / Project Promoter and project partners of the consortium	Project title	Total points	Status of the application
1	JuraSeq	Polish Geological Institute - National Research Institute, University of Oslo, University of Warsaw, Oil and Gas Institute - National Research Institute	Large scale CO2 storage scenarios in the Lower Jurassic aquifers of the Polish Basin	20	Reserve list
2	ThermoPlug	AGH University of Science and Technology, Łukasiewicz Research Network - Foundry Research Institute, SINTEF AS	Metalotermite barriers for plugging of CO2 wells	20	Reserve list
3	CCS+	Akademia Górniczo-Hutnicza im. S. Staszica w Krakowie / AGH University of Science and Technology' Exergon Sp. z o.o., WiseEuropa - Fundacja Warszawski Instytut Studiów Ekonomicznych i Europejskich, SINTEF Energi AS	Technically Feasible and Socially Accepted Climate Positive Industrial Processes with CO2 Capture and Storage	20	Reserve list
4	WITCH	Silesian University of Technology, Sintef Energy Research	Waste oxy-incineration technologies	20	Reserve list
