# Vehicle Registration Document

## 1 General information

This is the registration document for the vehicle described. It does not show who legally owns the vehicle. It is simply an extract from the register of vehicles and their keepers which DVLA holds for the Secretary of State for the Department for Transport (DfT).

You should ensure that the details on this document are accurate and you must let DVLA know immediately if changes need to be made by completing the relevant section of the V5 Registration Document and returning it to DVLA Swansea SA99 1BA. You may experience difficulty in selling your vehicle if any of the information is inaccurate. You may be asked to produce it when you license the vehicle, and police officers and certain officers of the DfT may ask to see it at any reasonable time.

DVLA is empowered to disclose information to police, local authorities or other third parties who can show reasonable cause.

To combat forgery or alterations, registration documents are provided with a water-mark, an anti-colour copying device and other security features.

## 2 Legal requirement to tell DVLA about changes

By law you must tell us immediately about any change to your name or address or of any changes to the vehicle's details shown in section D overleaf (in the blue part). You must also tell us if you sell or transfer the vehicle to someone else, or if you scrap or export the vehicle. If you do not tell us about these changes, you may have to pay a fine of up to £1,000. If you deliberately give us false information, you may have to pay a fine of £5,000 and go to prison for 2 years. Use this document to tell us about any change – the notes below explain how to do this.

## 3 Business vehicles

If the vehicle is registered in the name of an unincorporated body or association, please also give the full name of the person responsible for the vehicle.

## 4 How to tell us if you change your name or address

- write the new details in section B overleaf
- sign and date the declaration on the blue part
- separate this part of the document from part V5/2 (the green part) along the perforation.
- destroy parts V5/2 and V5/3 (the green and red parts)
- post the blue part of the document only to: DVLA, Swansea SA99 1BA.

## 5 How to tell us if you sell or transfer the vehicle to a motor vehicle trader

Follow the procedures explained on the V5/3 (the red part) below. Do not write on the blue or green parts – give them to the motor trader.

For this purpose motor trader means:

- a motor dealer
- a motor vehicle auctioneer
- a motor vehicle insurer with whom you have settled a claim for total loss
- a motor vehicle dismantler (scrap-yard)
- a finance company with a financial interest in the vehicle

## 6 How to tell us if you sell or transfer the vehicle to someone who is not a motor vehicle trader

Please use the blue part overleaf to do so:

- write the new keeper's name and address in section B
- tick the change of keeper box in section B
- ask the new keeper to write the number of their driving licence in the space provided
- sign and date the declaration on the blue part
- ask the new keeper to sign and date the declaration opposite

then please,

- write the new keeper's name and address and the date of the sale or transfer on the V5/2 (the green part) and destroy the V5/3 (red part)
- give the green part to the new keeper to retain until he or she receives a new registration document in their name
- post the blue part only to: DVLA, Swansea SA99 1BA.

## 7 Telling us about the vehicle's mileage

Please complete the present mileage when you sell or transfer the vehicle to someone other than a motor trader; (this is voluntary).

## 8 How to tell us if you scrap the vehicle

Only tell us that the vehicle has been scrapped if it has actually been broken up or destroyed by you. If it has, tick the scrapped box in section C (on the blue part overleaf) and write the date the vehicle was scrapped. If you have passed the vehicle on to a vehicle dismantler or insurer for scrapping, follow the procedures explained on the V5/3 (the red part below).

## 9 How to tell us that you are going to export the vehicle

Tick the exported box in section C (on the blue part overleaf) and write the date of export in the box alongside it. We will issue you with an export certificate as soon as possible, but we may have to inspect the vehicle first.

## 10 How to tell us about changes that affect the rate of duty

These include changes to any of the following: revenue weight, seating capacity, cylinder capacity or fuel type. Write the new details in section E (blue part) overleaf. Then take or send the document to a Local Office (LO) with an exchange licence application form (V70) or a vehicle licence application form (V10). Note: for changes to the revenue weight, you will need to produce a Plating or Design Weight Certificate; for changes to engine size, you will need to provide documentary evidence; for changes to fuel type of vehicles registered as new after 1.3.01, you will need to provide written details from the garage that carried out the conversion. For further information, please see leaflet V100.

## 11 How to tell us about other changes

If any other detail in section D changes (on the blue part overleaf), such as the vehicle's colour, please write the new details in section E (on the blue part overleaf). Please post the blue part to: DVLA, Swansea SA99 1BA.

## 12 Voluntary information

Mileage – You are not required by law to provide mileage information. If you do, the information will be given to mileage information organisations to help prevent mileage fraud and/or clocking.

## Wzór nowego brytyjskiego dowodu rejestracyjnego V5C - awers

**9. Selling or transferring your vehicle to a motor trader, insurer or dismantler** V5C/3

Do not give this section to the motor trader.  
You, the registered keeper, must:

- Give the date of the sale or transfer and the name and address of the motor trader on the front of this section.
- Sign and date the registered keeper's part of the Declaration in this section. (The motor trader must also sign and date the Declaration.)
- Tear off this section and send it to DVLA, Swansea, SA99 10A.
- Give the motor trader the rest of the Registration Certificate.

If you do not tell us that you have sold or transferred the vehicle, you will continue to be liable for it even though you no longer have it.

Failure to tell DVLA may result in a fine or prosecution.

We will send you an acknowledgment letter confirming that you are no longer the registered keeper. We will do this within 4 weeks. If you do not receive this letter, please contact DVLA Customer Enquiries on 0300 790 6000 as you may still be liable for the vehicle and you may get a penalty notice or be prosecuted. If you are dead or have lost hearing and have a telephone, please 0300 790 6000 (this number will not respond to text messages).

There is more information on the website at [www.direct.gov.uk/whitening](http://www.direct.gov.uk/whitening).

\*For this purpose a motor trader means a:

- motor dealer
- motor vehicle auctioneer
- motor vehicle insurer with whom you have settled a claim

Application for a vehicle registration certificate (V5C) and your (PNC) for advice. There is more information on the website at [www.direct.gov.uk/whitening](http://www.direct.gov.uk/whitening).

**Buyer beware...**  
For more information on choosing your Registration Certificate and buying a vehicle go to [www.direct.gov.uk/buyersbeware](http://www.direct.gov.uk/buyersbeware).

Teasing your vehicle  
You can only use this section to tax your vehicle once. It can be used at a Post Office branch that issues tax discs for up to two months from the date you get the vehicle or up to 13 months if used at a DVLA local office. There is more information on the website at [www.direct.gov.uk/whitening](http://www.direct.gov.uk/whitening).

**11. Notification of permanent export** V5C/4

Only use this section if you are permanently exporting this vehicle permanently (for more than 12 months).  
Do not use this section if you are taking your vehicle to another country, as we do not regard this as an export. You must take the vehicle to a port.

If you are exporting the vehicle you must:

- Give the date the vehicle is being exported.
- Sign and date the Declaration in section 11.
- Send this section to us at DVLA, Swansea, SA99 10A, and keep sections 1 to 8 of this certificate (the registration authority of the country the vehicle is being exported to will need them).

If you are taking your vehicle out of the country for less than 12 months, or are selling privately to someone who does not have a Great Britain (GB) address see "Your Registration Certificate (V5C) and your (PNC) for advice. There is more information on the website at [www.direct.gov.uk/whitening](http://www.direct.gov.uk/whitening).

\*"Strapping your vehicle"  
You cannot use the V5C to tax as you have "strapped" your vehicle. You should take the vehicle to an Authorized Treatment Facility (ATF) and they should issue a Certificate of Destruction (COD). If you do not receive a COD immediately (more than 10 in section 9 of the V5C) and send to DVLA. If you have broken up the vehicle yourself, you must either tell it or tell us you are keeping it off the public road by making a PNC, until you use it for an ATF or tell us you no longer have it. More information on our website [www.direct.gov.uk](http://www.direct.gov.uk).
