

Annex 5 - list of properties to be covered by the investment project (expropriation, change of State Treasury representative and time limits).

The table below presents a list of plots to be covered by the investment project. Properties marked in light grey are properties that will be acquired for the benefit of the State Treasury – RZGW. The properties marked in dark grey are properties that are already owned by the State Treasury, and the representation of the Treasury will be changed by indicating the RZGW.
