

TERMS AND CONDITIONS
POLISH HERITAGE DAYS 2023

The aim of Polish Heritage Days is to promote and celebrate Polish culture, heritage of past generations, Polish contribution to the cultural, economic and social life of the United Kingdom, and to emphasise the positive role that the Polish community plays in the United Kingdom. The initiative is aimed at the Polish diaspora, British citizens as well as other nationalities living in the United Kingdom.

Polish Heritage Days is also an opportunity to celebrate with the wider community the Day of the Polish Diaspora and Poles Abroad and the Polish National Flag Day celebrated on 2 May as well as the 3 May Constitution Day.

The Polish Heritage Days grant programme, which is aimed at a wide audience, supports cultural, artistic and educational activities aimed at a dignified celebration of Polish heritage. The programme will not support projects which are not in accordance with the values of freedom, solidarity and respect for dignity and human rights that serve to strengthen the community ties based on Polish heritage.

This year, we are celebrating the 80th anniversary of Polish cryptologists coming to the United Kingdom. The theme of this year's edition of Polish Heritage Days is the celebration of the important contribution of the Polish cryptologists to the breaking of the Enigma code and the Allied victory in the Second World War. We warmly encourage all to take advantage of this anniversary and to celebrate the exceptional contribution of the Polish codebreakers, sharing their inspiring stories with local communities.

The projects should contribute to the popularisation of knowledge about Polish culture, the heritage of past generations and Polish contribution to the cultural, economic and social life of the United Kingdom, taking into account regional contexts, and strengthen the sense of local community by emphasising the positive role that the Polish diaspora plays in the United Kingdom.
