JOENSUUN  
KONSERVATORIO

   JOENSUUN KONSERVATORIO

## **KONSA ENSEMBLE**

Konsa Ensemble consists of 23 young musicians. The performers are professional students and proficient students from the music school. They are guided by Hans Ladders, viola and chamber music teacher.

Konsa Ensemble strives to develop young musicians' creativity, technical ability and especially musical interaction. The ensemble performs without a conductor, necessitating listening to and reacting to each other while playing.

The repertoire of Konsa Ensemble contains a wide variety of styles: light classical, classical and popular music, with arrangements by members of the ensemble. Konsa Ensemble performs actively in the Joensuu area and has been on tour in Russia and Estonia.

The basic principal of Konsa Ensemble is that making music together is enjoyable when the musical tastes of all members are taken into consideration.
