Innosuisse – Swiss Innovation Agency

Innosuisse – Swiss Innovation Agency

- Innosuisse promotes science-based innovations in the interest of the economy and society in Switzerland – in all disciplines.
- How Innosuisse supports science-based innovation in Switzerland:
- Support relevant for this call:
 - Implementation of innovation projects with international partners
 - Advice & support for international partner search

Swiss-Polish Cooperation Programme

Innosuisse main activities

- Promotion of the Programme calls to Swiss stakeholders
- Entry point for Swiss partners interested in participating
- Formation of Swiss-Polish consortia thanks the matchmaking platform & partner searches
- Support in the project administration, i.e formal check of Swiss partners, monitoring of project progress

! Application process slightly differs from the «classical» Innosuisse rules!

1. Identify and meet potential

<p>SWISS-POLISH Cooperation Programme</p> 	<p>10 April 2024 - 1 July 2025</p> <p>Research and Innovation Programme, Applied Research</p>
---	---

Use the call specific matchmaking platform <https://swiss-polish-call.b2match.io/>

1. Register on the platform
2. Create a strong profile
3. Screen the platform for potential partners – initiate a first contact

2. Create a strong participation profile

Swiss Participant / Association/Agency
Innosuisse

The Enterprise Europe Network (EEN) Switzerland supports Swiss SMEs in their international development efforts, by facilitating technology transfers, international partnerships and agreements, and research and technology collaborations. Furthermore, we provide information on European funding programmes (e.g. Eurostars). The EEN with its 600 partner organisations supports the competitiveness and innovation of companies and establishes transnational cooperation in over 60 countries, Business-to-Business as well as Business-to-Academia. The EEN Switzerland is affiliated to the Swiss Innovation Agency Innosuisse. For more information: www.swisseen.ch.

Personalised partnering support

- No good match on the B2match platform?
- Do you have a project in mind (description)?
- What type of organisation and skills do you need to complete the consortium?
- We help find partner through our national networks & Enterprise Europe Network partner organisations!

Simple template to promote your project idea

Details of the innovative technology and project

<p>Title <i>(Max 256 characters incl. spaces)</i>:</p>	<p>The title should be clear and meaningful and should make the reader understand in one glance what kind of partner the client is looking for.</p>
--	---

<p>Detailed description <i>(Max. 4000 characters incl. spaces)</i>:</p>	<p>A good description should contain the following pieces of information:</p> <ul style="list-style-type: none"> □ The project: <ul style="list-style-type: none"> - Provide an introductory overview of the domain in which the R&D project is embedded and for what the results will be useful. - Explain the context: describe the project's aims and the issue to be tackled: what will be researched/developed, why and with whom.
---	--

Profile of the partner you are looking for

<p>Type and role of partner sought:</p> <p>The specific area of activity of the partner and the tasks to be performed by the partner sought:</p>	<p>This field is very important. Giving specific details about the partner sought will help other Enterprise Europe Network partners to address the right companies in their regions and create relevant <u>EoI</u>.</p> <p>Specific area: Example: Manufacturer of plastic packages, distributor of plastic packages or recycler of plastic packages, etc.</p>
---	---

	<p>Tasks to be performed: You should clearly state what is expected from the partner</p>
--	---
