## Explanatory notes

This statistical annex to the 2023 Annual Report on Migration and Asylum of the European Migration Network (EMN) provides an overview of relevant statistics.

Part 1 compiles relevant European statistics for the EU and Norway, organised in ten thematic areas, covering the period 2020-2023. Since 2023 data were not available at the time of publication for certain datasets, in these cases the period 2020-2022 is covered. Exceptionally, the monthly data on temporary protection covers the period until March 2024.

The data presented in Part 1 were extracted during April–May 2024. The manuscript was completed in

May 2024. The Eurostat website is constantly updated. Therefore, it is likely that more recent data will have become available since. An online data code available under each figure can be used to directly access the latest data on Eurostat's website.

Part 2 consists of complementary national data collected by Eurostat and provided by EMN National Contact Points (NCPs) in the framework of the EMN Annual Report on Migration and Asylum.

Part 3, the guide 'How to read the statistical annex' available on page 41 describes each individual chart presented in Part 1 and provides links to the respective data sources.

## European statistics on migration and asylum in the EU and Norway

This part presents relevant migration and asylum data organised in ten thematic sections. The dashboard-like layout of the annex allows simultaneous visualisation of different indicators. The sum of percentages or of individual values might not add up to 100 or to the total value. This is due to rounding in the original data. A 'How to read the statistical annex' guide, describing each individual chart and providing links to the data sources, is available on page 41.

The data presented in this part always regard third-country nationals and always refer to the European Union plus Norway, unless otherwise specified. A third-country national means any person who is not an EU citizen, including stateless persons. European Union values are calculated based on the 27 EU countries,

following Eurostat's aggregate 'EU27 countries (from 2020)':

Further information about European statistics on migration and asylum can be found at <https://ec.europa.eu/eurostat/web/migration-asylum>.

European statistics are produced by Eurostat in partnership with National Statistical Institutes and other national authorities in the EU Member States. This partnership is known as the European Statistical System (ESS). It also includes the statistical authorities of Iceland, Liechtenstein, Norway and Switzerland.

Any questions about European statistics can be addressed to the [Eurostat multilingual user support service](#).

Note: the table shows the number of UAMs (whose age of minority has been confirmed by the relevant authorities) recorded within the child protection system, in other words, outside of the asylum procedure in 2023. Flow data, in other words newly recorded UAMs between 1 January 2023 and 31 December 2023.

Statistics are not available for or were not provided by Denmark, Portugal and Romania.

'n/i' means no information

'n/a' means not applicable

Note for Czechia: data are provided by the Facility for Children of Foreign Nationals of the Ministry of Education, Youth and Sports.

Note for Germany: this information will be available later in the year.

Note for Ireland: UAMs taken into care by Separated Children Seeking International Protection team, Child and Family Agency (Tusla) in 2023.

Note for Greece: the numbers refer to UAMs newly recorded in 2023 within the child protection system under the supervision of the General Secretariat for Vulnerable Persons & Institutional Protection of the Ministry of Migration and Asylum and, more specifically, were hosted in facilities for UAMs, regardless of whether they have lodged an application for international protection to the Asylum Service or not.

Note for France: 19 370 judicial decisions entrusting UAMs to departments in mainland France were brought to the attention of the mission UAM from the ministry of Justice

between 1 January and 31 December 2023. Source: Mission UAM on 19 February 2024 (ministry of Justice, Juvenile Protection Service Directorate - DPJJ).

Note for Luxembourg: unaccompanied minors in Luxembourg are obliged to apply for international protection.

Note for Hungary: data not available.

Note for Malta: all unaccompanied minors applied for asylum.

Note for Austria: these data refer to the residence title Red-White-Red Card plus pursuant to Art. 41a subpara 10 Residence and Settlement Act: first-time approvals: 5 male; other extension: 15 male + 17 female = 32 in total; change of purpose: 3 male + 1 female = 4 total. This residence title is issued under certain conditions to unaccompanied minors who are not just temporarily in the care of foster parents or the child and youth welfare authorities on the basis of a court order, by law or by an agreement between the biological parents and the child and youth welfare authority for the protection of the best interest of the child.

Note for Slovenia: only UAMs accommodated in the Centre for Foreigners.

Note for Slovakia: these data do not include numbers of UAMs applying for asylum in the Slovak Republic. Source: Source: Ministry of Labour, Social Affairs and Family of the Slovak Republic.

Note for Norway: there are no UAMs outside the asylum procedure.

Short stay visa: the authorisation or decision of an EU Member State with a view to transit through or an intended stay on the territory of one or more or all the EU Member States of a duration of no more than 90 days in any 180-day period. Definition (from the EMN Glossary 7.0).

Long stay visa: the authorisation or decision issued by one of the EU Member States in accordance with its national law or European Union law required for entry for an intended stay in that EU Member State of more than three months. Definition (from the EMN Glossary 7.0).

'n/i' means no information

'n/a' means not applicable

Note for Czechia: during 2023, 11 'C' visas were issued at Czech airports and these are included in the subtotal and total. However, it is not possible to identify the residency of the recipients. Furthermore, exact numbers for subcategories for short stay visas are not available; estimates are made based on the percentage share of the total number of national visas.

Data for the number issued to third-country nationals resident in another EU Member

State concern issued visas for which foreign nationals applied at appropriate Visa and Consular Sections in another EU Member State.

Source of short stay visas: Ministry of Foreign Affairs of the Czech Republic and Directorate of Foreign Police Service (visas issued at airports)

Source of national visas: Department for Asylum and Migration Policy of the Ministry of the Interior of the Czech Republic

Note for Germany: this information will be available later in the year.

Note for Greece: According to the Visa Code, a visa could be issued to a third country national who does not reside within the jurisdiction of the consular Authority. In such a case, the applicant should be legally present in said area of jurisdiction and should be in a position to provide justification for not applying for a visa at the consular Authority in the area of his/her usual residence.

Note for Ireland: national 'C' visas. Ireland does not issue Schengen visas.

## How to read the statistical annex

The following describes each individual chart presented in Part 1 of the statistical annex and provides links to the data sources.

Note: for Latvia and Estonia, the number of third-country nationals includes recognized non-citizens. This is a category introduced by Eurostat to cover a 'person who is not a citizen of the reporting country nor of any other country, but who has established links to that country including some but not all rights and obligations of full citizenship. Recognised non-citizens are not included in the number of EU citizens. This category is used in Eurostat's population and migration statistics.

For any questions, please contact EMN ([emn@icf.com](mailto:emn@icf.com)) or Eurostat ([ESTAT-USER-SUPPORT@ec.europa.eu](mailto:ESTAT-USER-SUPPORT@ec.europa.eu)).

### Legal migration and mobility

#### Share of third-country nationals in the total population, EU and EFTA, 1 January 2023

The map shows the percentage of third-country nationals residing in the EU and EFTA countries in the total population on 1 January 2023. To show the share ranges, the countries are coloured according to a

classification scheme that has five classes (five different symbol colours are assigned). The table attached to the map shows the absolute number of third-country nationals and the share of third-country nationals in the total population presented in the map. Data source: Eurostat ([migr\\_pop1ctz](#))

#### Third-country nationals, EU and Norway, 1 January 2020–2023

The bars show the percentage of third-country nationals residing in the EU and Norway in the total population on 1 January. Additionally, in brackets, an absolute number of third-country nationals residing in the EU and Norway is provided. Data cover the period 2020-2023. Data source: Eurostat ([migr\\_pop1ctz](#))

#### Age structure of nationals and third-country nationals, EU and Norway, 1 January 2023

The population pyramid illustrates the demographic structure of the third-country nationals (solid colour bars) and nationals (bordered bars) in the EU and Norway on 1 January 2023. The bars are stacked on top of one another, each representing an age category (5-year age groups), with the youngest age group represented by the bottom bar and the oldest age group by the uppermost bar. Data source: Eurostat ([migr\\_pop1ctz](#))

### First residence permits issued to third-country nationals, EU and Norway, 2020–2022

The bars show the number of first residence permits issued to third-country nationals in the EU and Norway relative to the population (per 1 000 people). Additionally, in brackets, an absolute number of first residence permits issued to third-country nationals is provided. Data cover the period 2020–2022. Data sources: Eurostat ([migr\\_resfirst](#) and [migr\\_pop1ctz](#))

### Top 3 countries whose citizens received first residence permits, EU and Norway, 2020–2022

The bars show the number of first residence permits issued to the top three citizenships, in absolute numbers. Additionally, in brackets, the share of the total number of residence permits issued in the EU and Norway in each year is provided. Data cover a three-year period (2020–2022). If more than one citizenship occupies the last position, only one is displayed. Data source: Eurostat ([migr\\_resfirst](#))

### First residence permits issued, distribution by reason, EU and Norway, 2022

The pie chart shows the types of first residence permits issued, by reason (work, family, education and other) in the EU and Norway in 2022. Data source: Eurostat ([migr\\_restfirst](#))

### First residence permits issued for work reason, distribution by type, EU and Norway, 2022

The stacked bar chart shows the sub-types of first residence permits issued for work in the EU and Norway in 2022. The categories are: seasonal workers, highly skilled workers, researchers, EU Blue card and other work reasons. Data source: Eurostat ([migr\\_resocc](#))

### First residence permits issued for other reason, distribution by detailed reason, EU and Norway, 2022

The stacked bar chart shows the sub-types of first residence permits issued for 'other' reasons in the EU and Norway in 2022. The categories are: refugee and subsidiary protection, residence only, humanitarian reasons and residual category. The residual category covers: unaccompanied minors, victims of trafficking in human beings, and other. Data source: Eurostat ([migr\\_resoth](#))

## International protection including asylum

### First-time asylum applicants, EU and EFTA, 2023

The map shows the number of first-time asylum applicants who are third-country nationals, per 1 000 people in the population in 2023. To show the share ranges, the countries are coloured according to the classification scheme that has five classes (five different symbol colours are assigned). The table that accompanies the map shows the absolute number of first-time asylum applicants who are third-country nationals and the number of first-time asylum applicants per 1 000 people as illustrated in the map. Data sources: Eurostat ([migr\\_asyappctza](#) and [migr\\_asyapp1mp](#))

### Number of first-time asylum applicants, main citizenships by continent, EU and Norway, 2023

The visualisation shows the number of first-time asylum applicants who are third-country nationals in the EU and Norway in 2023, analysed by continent, and the selection of top five countries whose citizens were most often first-time asylum applicants. The information is completed with the number of stateless persons and those for which the country of citizenship is unknown. Data source: Eurostat ([migr\\_asyappctza](#))

## Asylum applicants by type of application, EU and Norway, 2020–2023

The blue, orange and dark blue bars show respectively the number of total, first-time, and subsequent asylum applicants for the last four years (2020-2023). Additionally, in brackets, the ratio per 1 000 people in the population of the EU and Norway is provided. Data source: Eurostat ([migr\\_asyappctza](#) and [migr\\_pop1ctz](#))

## Top 3 countries of citizenship – first-time asylum applicants, EU and Norway, 2020–2023

The bars show the top three citizenships of third-country nationals who lodged applications for asylum. The top three citizenships are sorted top down by decreasing number of first-time asylum applications. The number of applications per citizenship and the share of these of total first-time asylum applications in the EU and Norway are shown. If more than one citizenship occupies the third position, only one is displayed. Data cover a four-year period (2020-2023). Data source: Eurostat ([migr\\_asyappctza](#))

## Number of first instance asylum decisions by outcome, EU and Norway, 2020– 2023

The stacked bars show the number of first instance decisions on asylum applications by outcome in the EU and Norway for the last four years (2020-2023). The possible outcomes are: 'Refugee status' (orange); 'Subsidiary protection status' (dark blue); 'Humanitarian status' (blue); and 'Rejected application' (green). The table presented below the graph shows the number of decisions by outcome and the share of these in the total number of first instance decisions in the EU and Norway. Data source: Eurostat ([migr\\_asydcfsta](#))

## Number of final asylum decisions by outcome, EU and Norway, 2020–2023

The stacked bars show the number of final decisions on asylum applications by outcome in the EU and Norway for the last four years (2020-2023). The possible outcomes are: 'Refugee status' (orange); 'Subsidiary protection status' (dark blue); 'Humanitarian status'

(blue); and 'Rejected application' (green). The table presented below the graph shows the number of decisions by outcome and the share of these in the total number of final decisions in the EU and Norway. Data source: Eurostat ([migr\\_asydcfina](#))

## Top 3 countries of citizenship granted positive asylum decisions at first instance, EU and Norway, 2023

The bars show the three citizenships with the highest number of first instance asylum decisions in the EU and Norway in 2023. This is shown as an absolute number and, in brackets, as a share of the total number of positive first instance decisions taken in 2023. The recognition rate (share of positive decisions in total number of first instance decisions taken for a particular citizenship) is also provided in brackets. If more than one citizenship occupies the third position, only one is displayed. Data source: Eurostat ([migr\\_asydcfsta](#))

## Top 3 countries of citizenship granted positive asylum decisions at final instance, EU and Norway, 2023

The bars show the three citizenships with the highest number of final asylum decisions in the EU and Norway in 2023. This is shown as an absolute number and, in brackets, as a share of the total number of positive final decisions taken in 2023. The recognition rate (share of positive decisions in total number of final instance decisions taken for a particular citizenship) is also provided in brackets. If more than one citizenship occupies the third position, only one is displayed. Data source: Eurostat ([migr\\_asydcfina](#))

## Resettled third-country nationals by sex, EU and Norway, 2020–2023

The bars show the number of third-country nationals resettled to the EU and Norway each year over the last four years (2020- 2023). The bars show the number of third-country nationals resettled to the EU and Norway each year over the last four years (2020- 2023) by sex. Data source: Eurostat ([migr\\_asyresa](#))

## Number of positive decisions by outcome, EU and Norway, 2020–2023

The stacked areas show the trend for positive decisions by outcome in the EU and Norway over the last four years (2020-2023). Positive outcomes of asylum applications include 'Refugee status' (orange), 'Subsidiary protection' (dark blue), 'Humanitarian status' (blue) and 'Resettled persons' (green). Data sources: Eurostat ([migr\\_asydcfsta](#), [migr\\_asydcfina](#) and [migr\\_asyresa](#))

## Temporary protection

*Data presented in this chapter refer to the provision of temporary protection based on the Council Implementing Decision 2022/382 of 4 March 2022, establishing the existence of a mass influx of displaced persons from Ukraine due to Russia's invasion, and having the effect of introducing temporary protection.*

### Beneficiaries of temporary protection at the end of March 2024

The map shows the number of third-country nationals who were beneficiaries of temporary protection at the end of March 2024, per 1 000 people in the population. The table attached to the map presents the number of third-country nationals benefiting of temporary protection, in absolute number and the number relative to the population as presented in the map (per 1 000 people). Data sources: Eurostat ([migr\\_asytpsm](#) and [migr\\_asytppop](#))

### Number of decisions providing temporary protection to displaced from Ukraine due to Russia's invasion, EU and Norway, March 2022–March 2024

The bars show the number of decisions providing temporary protection to third-country nationals displaced from Ukraine due to Russia's invasion. Data refer to the EU and Norway and cover a period from March 2022 to March 2024. Data source: Eurostat ([migr\\_asytpfm](#))

### Distribution by age and sex of decisions providing temporary protection to people displaced from Ukraine due to Russia's invasion, EU and Norway, March 2022–March 2024

The stacked bars show the distribution between children, women and men of decisions providing temporary protection to third-country nationals displaced from Ukraine due to Russia's invasion. Data refer to the EU and Norway and cover a period from March 2022 to March 2024. Data source: Eurostat ([migr\\_asytpfm](#))

## Unaccompanied minors

### Unaccompanied minors applying for asylum, EU and Norway, 2020–2023

The bar chart shows the number of unaccompanied minors applying for asylum in the EU and Norway for the past four years (2020-2023). Please note that not all unaccompanied minors apply for asylum. Data sources: Eurostat ([migr\\_asyunaa](#))

### Unaccompanied minors applying for asylum relative to the number of all first-time applicants, EU and Norway, 2020–2023

The first bar chart shows the number of unaccompanied minors applying for asylum relative to the number of all first-time applicants in the EU and Norway for the past four years (2020-2023). The second bar chart shows the number of unaccompanied minors applying for asylum relative to the number of all first-time applicants aged under 18. Data sources: Eurostat ([migr\\_asyunaa](#) and [migr\\_asyappctza](#))

### Unaccompanied minors by sex, EU and Norway, 2020–2023

The stacked bars show the number (and, in brackets, the share) of unaccompanied third-country minors applying for asylum by sex. Data refer to the EU and

Norway and cover the last four years (2020-2023). Data source: Eurostat ([migr\\_asyunaa](#))

## First instance asylum decisions on applications lodged by unaccompanied minors by outcome, EU and Norway, 2021 and 2023

The stacked bars show the number of first instance decisions on asylum applications lodged by unaccompanied minors by outcome. Additionally, in brackets, the share of these in the total number of first instance decisions lodged by unaccompanied minors in the EU and Norway is provided. Data cover a three-year period (2021-2023). The possible outcomes are: 'Refugee status (orange); 'Subsidiary protection status' (dark blue); 'Humanitarian status' (blue) and 'Rejected application' (green). Data source: Eurostat ([migr\\_asyumdcfq](#))

## Decisions providing temporary protection to unaccompanied minors displaced from Ukraine due to Russia's invasion, EU and Norway, March 2022–March 2024

The bars show the number of decisions giving temporary protection to unaccompanied minors (third-country nationals) displaced from Ukraine due to Russia's invasion, in the EU and Norway. Additionally, in brackets, the share of decisions for unaccompanied minors among temporary protection decisions for all children is provided. Data cover a period from March 2022 to March 2024. Data source: Eurostat ([migr\\_asyumtpfm](#) and [migr\\_asytpfm](#))

## Integration

### Integration and inclusion indicators, EU, 2022 or 2023

The bar chart is divided into five subtopics, each described by three or two indicators. Data refer to the EU only.

The value of the indicator (as %) is given for third-country nationals, i.e. citizens of non-EU countries and the nationals of the reporting countries, not all the

nationals of the EU. The group 'nationals' does not cover the EU citizens residing in other EU countries than their country of citizenship.

## Education

**Share of tertiary educated** shows the percentage of adults aged 25-34 who have tertiary educational attainment. Data on educational attainment are classified according to ISCED 11 and presented for tertiary education (ISCED levels 5-8). Data source: Eurostat ([edat\\_lfs\\_9911](#))

**Participation rate in education and training** shows the percentage of adults aged 25-64 who had participated in learning in the four weeks prior to the 2023 survey. Data source: Eurostat ([trng\\_lfs\\_12](#))

**Share of early leavers from education and training** shows the proportion of people aged between 18 and 24 who have completed no more than lower secondary education and who are not involved in further education or training. Data source: Eurostat ([edat\\_lfse\\_01](#))

## Labour market, persons aged 20-64

**Employment rate** is the number of employed persons (someone working as an employee, self-employed or contributing family workers) as a percentage of the total population. Data source: Eurostat ([lfsa\\_ergan](#))

**Over-qualification rate** is calculated for employed persons with a tertiary level of education attainment (international standard classification of education (ISCED) levels 5–8). The rate shows what proportion of these people are employed in a low- or medium-skilled occupation (international standard classification of occupations (ISCO) major groups 4–9). Data source: Eurostat ([lfsa\\_eoqgan](#))

**Unemployment rate** is the number of unemployed persons as a percentage of the labour force. Data source: Eurostat ([lfsa\\_urgan](#))

## Social inclusion, persons aged ≥ 18 years

**Share of persons at risk of poverty or social exclusion** shows the percentage of adults who are either at risk of poverty, face serious material and social deprivation or live in a household defined as having a 'very low work intensity'. Data source: Eurostat ([ilc\\_peps05n](#))

**Share of persons living in a household with a very low work intensity** shows the percentage of adults living in a household where the members of working age: those aged 18-64, but excluding students aged 18-24 and people who are retired according to their self-defined current economic status or who receive any pension (except survivors pension), as well as people in the age bracket 60-64 who are inactive and living in a household where the main income is pensions (except survivors pension) worked a working time equal or less than 20% of their total work-time potential during the previous year (2021). Data source: Eurostat ([ilc\\_lvhl15n](#))

**Share of persons in severe material and social deprivation** shows the proportion of those who cannot afford at least 7 out of 13 deprivation items that are considered by most people to be desirable or even necessary to lead an adequate quality of life. Six of these items relate to individuals and seven to households. The list of items can be consulted [here](#). Data source: Eurostat ([ilc\\_mdspd15](#))

## Housing, persons aged $\geq 18$ years

**Overcrowding rate** shows the percentage of adults who live in a household defined as 'overcrowded'. Data source: Eurostat ([ilc\\_lvho15](#))

**Home ownership rate** is the percentage of people who live in an owner-occupied dwelling. Data source: Eurostat ([ilc\\_lvps15](#))

## Health, persons aged $\geq 16$ years

**Share of persons who perceive their health as very good or good.** Indicator on self-perceived health status gives an overall assessment by respondents of their health in general. Data source: Eurostat ([hlth\\_silc\\_24](#))

**Share of persons self-reporting unmet needs for medical care.** Self-reported unmet needs concern a person's own assessment of whether he or she needed examination or treatment for a specific type of health care, but did not have it or did not seek it. Medical care refers to individual healthcare services (medical examination or treatment excluding dental care) provided by or under direct supervision of medical doctors or equivalent professions according to national healthcare systems. Data source: Eurostat ([hlth\\_silc\\_30](#))

# Citizenship and statelessness

## Naturalisation rate of third-country nationals, EU and EFTA, 2022

The map shows the naturalisation rate (acquisition of citizenship per 100 resident third-country nationals) in the EU and Norway in 2022. To show the share ranges, the countries are coloured according to the classification scheme that has five classes (five different symbol colours are assigned). The table that accompanies the map shows the absolute number of third-country nationals who acquired citizenship in 2022 and the data on naturalisation rate as illustrated in the map. Data sources: Eurostat ([migr\\_acq](#), [migr\\_pop1ctz](#) and [migr\\_acqs](#))

## Third-country nationals who acquired citizenship, EU and Norway, 2020–2022

The bars show the number of third-country nationals who have acquired the citizenship in the EU and Norway. Additionally, in brackets, a number relative to the population (1 000 people) is provided. Data cover a three-year period (2020–2022). Data sources: Eurostat ([migr\\_acq](#) and [migr\\_pop1ctz](#))

## Stateless persons, persons with unknown citizenship and recognised non-citizens, EU and Norway, 2020–2022

The stacked bars show the number of people usually residing in the country and in a given year over the last 4 years: i) who are not considered as nationals by any State under the operation of its law ('Stateless' in orange); ii) who are not citizens of the reporting country nor of any other country, but who have established links to that country that include some but not all rights and obligations of full citizenship ('Recognised non-citizens' in blue); or iii) whose citizenship is unknown ('Unknown' in dark blue). Additionally, in brackets, a number relative to the population (per 1 000 people) is provided. Data cover a three-year period (2020–2022). Data sources: Eurostat ([migr\\_pop1ctz](#))

## Top 3 countries of previous non-EU citizenships of persons acquiring citizenship, EU and Norway, 2020-2022

The bar chart shows the top three countries whose citizens acquired citizenship in the EU and Norway. It shows this as an absolute number and, in brackets, as a share of the total number of citizenship acquisitions. Data cover a three-year period (2020-2022). Data source: Eurostat ([migr\\_acq](#))

## Borders, Schengen and visas

### Number of Schengen uniform short-stay visas issued, EU and Norway, 2020-2023

The bars show the total number of uniform short stay visas (total number of uniform C visas) issued by the EU countries and Norway both at the consulates and the border crossing points. For Schengen countries, uniform short stay visas entitle the holder to stay in the territories of all Member States for a period of maximum 90/180 days. Such visas may be issued for the purpose of a single entry or multiple entries ("MEVs"). Please note that the Member State whose consulate receives the visa application may be different from the Member State of main destination. Figures for Bulgaria, Ireland, Croatia, Cyprus and Romania are not included in the graph as they do not yet issue uniform Schengen visas. These Member States issue national short-stay visas (including MEVs) valid only for their own territories. Data cover a four-year period (2020-2023). Data source: [Directorate-General for Migration and Home Affairs](#)

### Three consulate countries in which the most Schengen uniform short-stay visas were issued, consulates of EU Member States and Norway, 2020-2023

The chart shows the number of uniform short stay visas issued in the three consulate countries with the

largest total number of issued visas. It shows this as an absolute number and, in brackets, as a share of total uniform short stay visas issued. Please note that the consulate country might not be the same as the country of citizenship of the visa applicant, as this information is not available at EU level. If more than one citizenship occupies the third position, only one is displayed. Data cover a four-year period (2020-2023). Data source: [Directorate-General for Migration and Home Affairs](#)

## Irregular migration

### Third-country nationals subject to immigration law enforcement, EU and Norway, 2020-2023

The bar chart gives an overview of the trend over the last four years (2020-2023) for the four parameters commonly related to 'irregular migration'. This is shown as an absolute number and, in brackets, a number relative to the population (per 1 000 people).

**Refused entry at the external borders** – third-country nationals formally refused permission to enter the territory of a country during controls at its external borders (including airports, ports and borderlines). At the bottom, the chart on the left shows the top 3 citizenships refused entry in 2023 – in absolute number and as a share of all citizenships refused entry. Data source: Eurostat ([migr\\_eirfs](#))

**Found to be illegally present** – third-country nationals who are detected by a country's authorities and have been determined, under national laws relating to immigration, to be illegally present (people who have been found to have entered irregularly and those who may have entered legally but remained on an illegal basis, i.e. overstaying their permission to remain). At the bottom, the chart on the right shows the top 3 citizenships found to be illegally present in 2023 – in absolute number and as a share of all citizenships found to be illegally present. Data source: Eurostat ([migr\\_eipre](#))

**Ordered to leave the country** – third-country nationals who are subject to an administrative or judicial decision or act stating that their stay is irregular and imposing an obligation to leave the territory of the country. At the bottom, the chart on the left shows the top 3 citizenships ordered to leave in 2023 – in absolute

number and as a share of all citizenships ordered to leave. Data sources: Eurostat ([migr\\_eiord](#))

**Returned to a third country following an order to leave** – third-country nationals who have left the territory of the Member State, following an administrative or judicial decision or act stating that their stay is irregular and imposing an obligation to leave the territory. At the bottom, the chart on the right shows the top 3 citizenships returned to a third country after an order to leave was issued in 2023 – in absolute number and as a share of all citizenships returned to a third country after an order to leave was issued. Data sources: Eurostat ([migr\\_eirtn](#))

## Trafficking in human beings

### Number of third-country nationals victims of trafficking in human beings registered in EU in 2020-2022

The bars show the number of third-country nationals victims of trafficking in human beings in the EU and cover a three-year period (2020-2022). Data for Norway is not available for all three years. Data source: Eurostat ([crim\\_thb\\_vctz](#))

### Number of first residence permits issued to victims of trafficking in human beings, EU and Norway, 2020–2022

The bars show the number of residence permits issued to victims of trafficking in human beings in the EU and Norway. Data cover a three-year period (2020-2022). Data source: Eurostat ([migr\\_resoth](#))

## Return and readmission

### Third-country nationals who left the territory, by type of return, EU and Norway, 2021–2023

The stacked bars show the number of third-country nationals who left the territory following an order to leave by type of return (in absolute number and, in brackets, as the share within the total): voluntary (orange), enforced (dark blue). These refer to the situation in which it can be reasonably presumed that the third-country national returned based on some assumptions. Data refer to the EU and Norway and cover a three-year period (2021-2023). Data source: Eurostat ([migr\\_eirtn1](#))

### Third-country nationals who left the territory, by type of assistance received, EU and Norway, 2021–2023

The stacked bars show the number of third-country nationals who left the territory following an order to leave by type of assistance received (in absolute number and, in brackets, as the share within the total): assisted return (orange), non-assisted return (dark blue). Data refer to the EU and Norway and cover a three-year period (2021-2023). Data source: Eurostat ([migr\\_eirtn1](#))
