

How to make a donation for Ukraine

through the Polish Government Strategic Reserves Agency (RARS)

Your donations to RARS will be used to help those affected by the war in Ukraine.

As humanitarian crisis escalates dramatically, Poland extends life-saving help via RARS which sends aid transports across the border (over 100 heavy goods vehicles daily) delivering medicines, hygiene products, food, clothes and other necessary products. Poland is also expecting up to 5 million refugees for whom RARS too will provide extensive help.

Instructions below will be helpful for those countries, public institutions and private companies who are willing to offer financial donations.

1. Donations can be made:

- in EUR, USD and PLN,
- to supply products to the Ukrainian people in Ukraine and/or to the Ukrainian refugees residing in Poland.

2. **RARS does not require donation agreements to be signed.** However, in case the donator's own procedure requires an agreement or other legal form of engagement, please note that RARS has its own agreement templates that can be used to speed up the process. For assistance please write to:

Michal.Kuczmierowski@rars.gov.pl (CC: Karol.Michalski@mc.gov.pl) or call: +48 22 899 89 21.

3. Payment details must include the donation amount and the following information:
