** the Pogędzynka water gauge is representative of the section of the navigable route from the Przewóz lock to the mouth of the Dunajec River, due to the lack of data from the Sierosławice water gauge on the day of sounding

Lock status

Name	Km	Status	Open time
Dwory	2+833 canal Dwory	closed	-
Smolice	1+020 canal Smolice	closed	From dawn to dusk
Borek Szlachecki	15+550 canal łączany Skawina	closed	From dawn to dusk
Kościuszko	66+400 Vistula river	closed	From dawn to dusk
Dąbie	80+875 Vistula river	closed	From dawn to dusk
Przewóz	92+600 Vistula river	closed	-

3. Notices to Skippers

Due to the intensive development of ice phenomena, the locks on the Upper Vistula waterway, at the Dwory, Smolice, ZOH łączany (Borek Szlachecki lock), Kościuszko, Dąbie and Przewóz waterways are closed from January 9, 2024 until further notice.

[Details in notice to skippers No. 4/2024](#)

From January 09, 2024 to January 19, 2024 the Dwory lock will be out of service due to the replacement of control cabinets at the Dwory barrage.

[Details in notice to skippers No. 3/2024](#)

From January 5, 2024 the navigable route for vessel traffic from the estuary of the San River (279+500 km of the Vistula River) to the estuary of the Sanna River (km 295+200 of the Vistula River) will be closed.

[Details in notice to skippers No. 2/2024](#)

The navigable route on the Vistula River on the section from km 76+700 to km 77+220 on January 14, 2024, from 12:00 a.m. to 2:00 p.m., will be closed due to an event on the water.

[Details in notice to skippers No. 1/2024](#)

Please be advised that underwater works will be carried out on the section of the Vistula River waterway from km 77+220 to km 90+050 from August 29, 2023 to January 31, 2024.

[Details in notice to skippers No. 27/2023](#)

Due to the commencement of repair work on the left span of the floodgate on the łączany-Skawina Canal on June 27, the left span will be closed to navigation until further notice and navigation will be carried out on the right span.

[Details in notice to skippers No. 21/2023](#)

From January 30, 2023, the lock in Przewóz is closed until the failure is repaired.

[Details in notice to skippers No. 6/2023](#)

State Water Holding "Polish Waters", Regional Water Management Board in Kraków, informs that due to the conducted renovation of the guide wall in the lower outport of Kościuszko waterway, for the sake of safety of waterway users, night-time lockage is suspended from 8 July 2022 until further notice.

[Details in notice to skippers No. 16/2022](#)

State Water Holding "Polish Waters", Regional Water Management Board in Kraków, informs that from 14 June 2022, the shipping lane on the Vistula River from 61+200 km (Tyniec) to 79+150 km is marked in accordance with Art. 5.02 of the Regulation of the Minister of Infrastructure of 28 April 2003 on navigation regulations on inland waterways (Dz.U. /Journal of Laws/ of 2003, No. 212, item 2027) and complies with the requirements governing the rules of night navigation.

[Details in notice to skippers No.13/2022](#)

From May 17, 2022 on the section of the Vistula River from km 223+600 - 223+700, due to the low flow in the river and periodic activation of the damming of the Połaniec Power Plant, located at km 223+650 of the Vistula River, there may be difficulties in navigation.

[Details in notice to skippers No. 8/2022](#)

State Water Holding "Polish Waters", Regional Water Management Board in Kraków, informs that due to the ongoing repair works on the Kościuszko barrage, from 9 May 2022 until further notice, the following sluicing hours will be introduced on working days from Monday to Thursday between 7:00 a.m. and 6:00 p.m. and on Friday between 7:00 a.m. and 3:00 p.m.: upstream: 8:00 a.m., 11:15 a.m., 2:00 p.m., 4:00 p.m., 6:00 p.m., downstream: 9:00 a.m., 1:00 p.m., 3:30 p.m., 5:30 p.m.

[Details in notice to skippers No. 5/2022](#)

The shipping route on the section from km 0+600 to km 295+200 of the Vistula River, is open to navigation with the limitation of its parameters indicated in the annexes: [difficulties 1](#), [difficulties 2](#), [difficulties 3](#), [difficulties 4](#), [difficulties 5](#), [difficulties 6](#).

*Note: the class IV waterway under construction (damming at the Dwory and Smolice steps is 1.0 m lower than the target).
