Mission objective

To accompany
by 2030 at
least 150
European
regions and
communities
towards
climate
resilience

How does the Mission support the Regions?

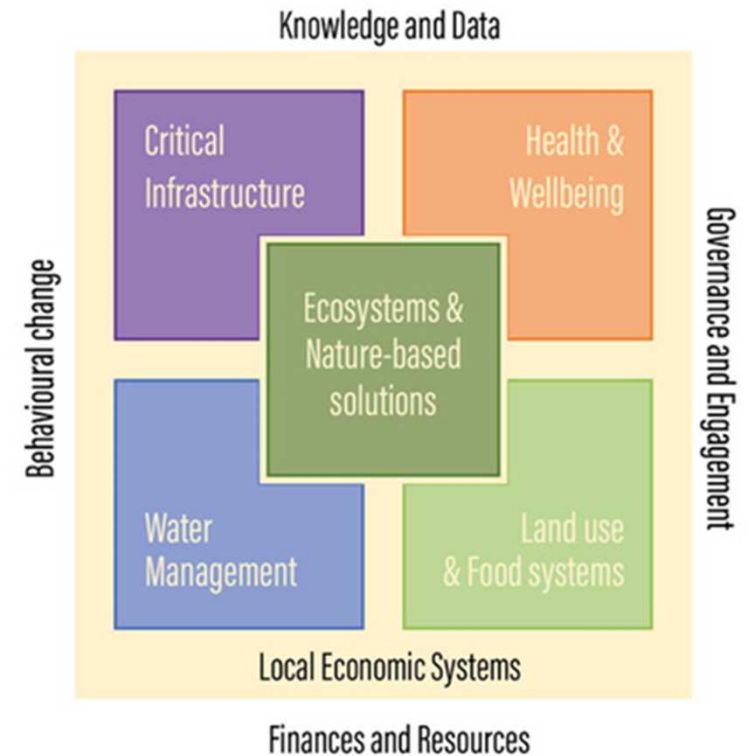

1. Horizon Europe project grants: calls currently opened and future yearly calls (e.g., possible support to public procurers to buy innovative/pre-commercial solutions for climate resilience)
2. Services by Mission Implementation Platform (MIP)
3. Scientific guidance and support by JRC
4. Access to climate adaptation knowledge from Climate-ADAPT by EEA
5. Facilitate access to EIB Climate Adaptation Investment Advisory Platform (ADAPT)

Mission Approach

- Collecting best available knowledge and experimenting on **enabling conditions**, e.g.:
 - User driven application for end users focusing on climate impacts, data and knowledge
 - Unlocking of financial resources for investments into climate resilience
 - Best practices on and piloting insurance solutions for climate adaptation
 - Transformation of regional economic systems for climate resilience and sustainability
- **Demonstrating innovative solutions** to transform one or more of the key systems into more climate resilient system, at scale, in real life, in regions/ cities/communities, in line with the national / regional adaptation plans, ensuring citizens and stakeholder engagement, with a view to sustain the solution in place after the end of the project.

WORK IN PROGRESS: New content coming

The screenshot shows the top section of the EU Missions Adaptation to Climate Change Portal. At the top right, the text "EU MISSIONS" is displayed in large blue letters, with "ADAPTATION TO CLIMATE CHANGE" in smaller white letters on a green background below it. To the right of this text is a globe icon with a thermometer. Below the main header, there are two logos: "EU MISSIONS ADAPTATION TO CLIMATE CHANGE" and "Climate ADAPT" with the tagline "SHARING ADAPTATION KNOWLEDGE FOR A CLIMATE-RESILIENT EUROPE". A search bar is located on the right side. A navigation menu includes "The Mission", "Knowledge and Data", "News", "Events", and "Community of Practice". The main content area features a large image of a sunflower field with wind turbines in the background. The text "Welcome to the EU Mission on Adaptation to Climate Change Portal" is overlaid on the image, with an "About" button below it. At the bottom left of the image, there is a small copyright notice: "Image © European Union, 2023 - image: goodluz #25227000, 2021. Source: stock.adobe.com".
