EXPRESS ENTRY ENTRÉE EXPRESS

- Skilled foreign workers now have access to Express Entry - a new **electronic application management system**. Express Entry is **not** a new immigration program; it is a new way for Citizenship and Immigration Canada (CIC) to manage economic immigration applications online. Under Express Entry, people will first fill out an online profile that includes their language test scores, their Educational Credential Assessment (if they need one) and outlines their work experience. There is no cost to complete and submit an Express Entry profile.
- Based on their profiles, candidates will be ranked against others in a pool. On a regular basis, CIC issues invitations to top candidates from the pool to apply for permanent residence.
- Under this new system, most applications will be processed in six months or less.

- work experience,
- age,
- valid job offer, and
- adaptability (how well you are likely to settle here).
