| Przewóz | 92+600 Vistula river | closed | - | |

3. Notices to Skippers

Due to the stabilization of the hydrological situation and the lowering of the Vistula river to the zone of medium states, from September 20, 2024, the shipping route is opened for the traffic of vessels from km 57+800 to km 80+900 (Dąbie Water Barrage).

Details in notice to skippers No. 29/2024

Due to water level sensors failure, the lock at Dabie barrage is closed to shipping traffic from July 2, 2024 until further notice. Details in notice to skippers No. 24/2024

Due to repeated low conditions water levels and flows in the Vistula riverbed, in order to ensure appropriate water management on the Kościuszko Water Barrage and systematizing the operation of the Kościuszko lock in the conditions intensive tourist traffic, from July 1, 2024, the following locking hours will be introduced on all days of the week from dawn to dusk:

upstream: 7:00 9:30 11:15 14:00 16:00 18:30 20:30 down the river: 6:00 8:00 10:30 13:00 15:30 17:30 19:30

Due to the above, navigation messages No. 5/2022 and No. 16/2022 regarding the schedule operation of the Kościuszko lock expre.

State services during the intervention (including: Police, Army, WOPR) and PGW Water units when performing necessary work on the facility and the trail, Polish ones are not subject to the designated framework time of operation of the Kościuszko lock.

Details in notice to skippers No. 23/2024

In connection with the extension of works consisting in replacement of the control cabinet, the lock in Borek Szlachecki will be closed to shipping traffic from May 19, 2024 until cancellation.

Details in notice to skippers No. 18/2024

Due to the disappearance of ice phenomena, from February 16, 2024, the locks at the ZOH Łączany (lock Borek Szlachecki), Kościuszko and Dąbie, will be open for navigation. Due to ongoing failures and renovation works, the locks at the Dwory, Smolice and Przewóz water stages remain closed to navigation until further notice.

Details in notice to skippers No. 8/2024

Due to the commencement of repair work on the left span of the floodgate on the Łączany-Skawina Canal on June 27, the left span will be closed to navigation until further notice and navigation will be carried out on the right span.

Details in notice to skippers No. 21/2023

From 14 June 2022, the shipping lane on the Vistula River from 61+200 km (Tyniec) to 79+150 km is marked in accordance with Art. 5.02 of the Regulation of the Minister of Infrastructure of 28 April 2003 on navigation regulations on inland waterways (Dz.U. /Journal of Laws/ of 2003, No. 212, item 2027) and complies with the requirements governing the rules of night navigation.

Details in notice to skippers No.13/2022

From May 17, 2022 on the section of the Vistula River from km 223+600 - 223+700, due to the low flow in the river and periodic activation of the damming of the Połaniec Power Plant, located at km 223+650 of the Vistula River, there may be difficulties in navigation.

Details in notice to skippers No. 8/2022

The shipping route on the section from od km 57+800 do km 80+900 (Stopień Wodny Dąbie) and from km 92+600 (Stopień Wodny Przewóz) to km 295+200 of the Vistula River, is open to navigation with the limitation of its parameters indicated in the annexes: difficulties 1, difficulties 2, difficulties 3, difficulties 5, difficulties 6.

^{*}Note: the class IV waterway under construction (damming at the Dwory and Smolice steps is 1.0 m lower than the target).
