Katarzyna Szwarc

High Representative of the Minister of Finance for the
Strategy of Capital Market Development

The Strategy for Capital Market Development

- SRRK was adopted by the Polish government **on 1 October 2019**
- The Strategy is a result of wide consultations with all market participants and other stakeholders
- SRRK is currently being implemented by the High Representative of the Minister of Finance, with **the deadline in 2023**
- The **key objective** of the Strategy is to **strengthen the development of the Polish capital market**
- This includes **(i) increasing the role of capital market instruments in enterprise financing, (ii) increasing market liquidity, (iii) improving the efficiency of intermediaries, (iv) increasing the savings rate in the economy, (v) more efficient administrative procedures.**

Patryk Łoszewski

Director of the International Cooperation Department
at the Ministry of Finance
