"06" June 2022

No 11/2204

**To: First Counsellor of the Embassy of the  
Republic of Poland in the Republic of  
Azerbaijan**

**Mr. B. Musialowicz**

**Dear Mr. Bartosz Musialowicz,**

I greet you on behalf of Food Safety Agency of the Republic of Azerbaijan and present my highest esteem and consideration to you.

Your application about import quarantine permit for imported plant products has been reviewed by the Food Safety Agency of the Republic of Azerbaijan.

Regarding the questions raised in your application, we would like to mention that, from May 16, 2022 the issuance of import quarantine permit for imported plant based products with the exception of sowing materials has been cancelled.

According to the legislation of the Republic of Azerbaijan imported food products (including plant origin products) should have only Food Safety Certificates issued by AFSA.

Additionally, import of plant based products are regulated by the Law "On Phytosanitary Control" and the Resolution No.280 approved by the Cabinet of the Ministers of the Republic of Azerbaijan. In this regard you have submitted the old version of the above mentioned Resolution in your application. So that, AFSA is the only authorized government organization that control over the imported plant products.

I would like to avail myself of this opportunity to renew the assurances of my highest consideration and esteem to the Embassy of the Republic of Poland in the Republic of Azerbaijan.

**Sincerely,**

**Head of the Control on  
Import-Export Department**

**Farid Aliyev**
