Additional procedure:

FORMS TO BE SUBMITTED

Swiss applicants must submit pre-proposals and full proposals *via mySNF* at the same deadline as the consortium applications are submitted to the Call Secretariat and in addition to the documentation submitted to the Call Secretariat.

- **Pre-proposal forms** are created by choosing "Programmes (national and international): ERA-Net + EJP: Pre-proposal".
- **Full proposals forms** are created by selecting "Programmes (national and international): ERA-Net + EJP" and linked to the pre-proposal by selecting its number in the data container "Link to other SNSF projects".

Data Management Plan (DMP)

_ In case of funding, applicants have to complete the DMP on *mySNF* once the project is approved, regardless of whether a DMP is requested by the consortium. Researchers need to develop a DMP that covers all data generated or used for the entire Collaborative Research Project (CRP). The DMP must comply with the SNSF policy on open research data and is mandatory for the release of funds for Swiss sub-projects. For further information, please refer to http://www.snf.ch/en/theSNSF/research-policies/open_research_data/Pages/default.aspx

Consortium agreement (CA)

_ In case of funding, applicants have to submit a CA signed by all regular partners of the proposal. Submission of the CA is mandatory for the release of funds for Swiss sub-projects.
