## “POLAND TASTES GOOD”

**Polish national stand  
at the FHA Food & Beverage Fair in Singapore**

When: 5-8 September 2022

Where: Singapore Expo, Hall 5, Booth no.: 5D3-07

Networking for F&B industry: 8 September, at 4:30 pm, SBF Center level 9

**Poland will be exhibiting** at the incoming FHA-Food & Beverage Fair under the leading theme POLAND TASTES GOOD. We invite you to visit our stand to experience culinary shows, taste Polish beef and other products, and to discover premium quality and safety of our food. The national stand, organized jointly by *Ministry of Agriculture and Rural Development* and *National Support Centre for Agriculture* will be hosting 19 Polish companies looking for partnerships with local entrepreneurs. Additional 4 agri-food manufacturers will present their products at the European Union Pavilion (Hall 6 #6C3-01).

**The main networking opportunities for Singaporean companies** interested in meeting partners from Poland and Central and Eastern Europe will be on 8 September, 2022 at 4:30-9 pm at the SBF Center Level 9, pool side, 160 Robinson Rd. The event is organized by *Singapore Business Federation* in cooperation with *Central and Eastern European Chamber of Commerce and Polish Investment & Trade Agency*. It is open to all who would like to taste European food and network with the suppliers and manufacturers: HORECA chefs, F&B managers; bakeries, pastry Chefs; food manufacturers, importers, buyers, distributors; F&B entrepreneurs seeking new food products.

**Strong Polish presence at FHA – Food & Beverage** reflects growing interests of Polish food exporters and suppliers in Singaporean and Asian markets. Poland is one of Europe's largest food producers, exporting annually food worth **over 37 billion EUR**. We are the main EU exporter of poultry meat (1<sup>st</sup> place), pork (6<sup>th</sup> place), beef (5<sup>th</sup> place), dairy products (5<sup>th</sup> place) and confectionary (5<sup>th</sup> place). We are also leading EU and world producers of fruits (apples, strawberries, currants, raspberries, cherries, chokeberries and blueberries) and vegetables (cabbages, carrots, onions, cauliflowers and potatoes). Taking advantage of the vast amount of locally available products, Poland delivers best quality processed food, too: jams, juices, pastas, beers, cereals, candy and others. With modern agriculture and advanced food processing, traditional recipes based on products originating from domestic crops and livestock and the highest safety standards, Polish food is sustainable, tasty and healthy. It remains competitive and is in high demand all over the world.

During COVID-19 pandemic Poland's food export to Singapore more than doubled. We are ready to continue active support of Singapore's efforts in ensuring food security and diversification of food import sources.
