## Compulsory toll tag in Norway

**From 1 January 2015 it will be mandatory for all commercial vehicles above 3.5 tonnes to have a toll tag in Norway.**

This provision was adopted by the Norwegian Parliament on 10<sup>th</sup> October 2014. The scheme applies to all commercial vehicles throughout the Norwegian public road network. By 1<sup>st</sup> January 2015, all vehicles encompassed by this ruling, must have signed a contract with a toll road operator and correctly installed a valid tag on the inside of the vehicle windscreen.

The police, customs authorities and the Norwegian Public Roads Administration will monitor compliance with the provision. If the vehicle does not have a valid contract and toll tag, a fine of NOK 8 000 will be levied. The amount increases to NOK 12 000 if the fine is not paid within three weeks. If the violation is repeated within two years, the fine will increase to NOK 16 000.
