

16th UN Internet Governance Forum – IGF 2021 in Poland!

Poland - the centre of global discussion on the future of the Internet

This will be the most important digital event of the year.

The Internet Governance Forum - IGF 2021 will be held **from 6 to 10 December** in Katowice.

The headline of this year's IGF is the *Internet United*, which means an open, free and undivided Internet, where users can enjoy their rights

We already know the [programme of the event](#).

It will include over 300 different activities: workshops, open discussions, group and networking sessions.

We want the IGF 2021 to be an important event for young people from all over the world, so one of the side events will be the Youth IGF Summit.

Anyone can participate in the Internet Governance Forum, free of charge. [Just register here](#).

See you in Katowice at #IGF2021!
