## **Acceptable File Types for Conversion**

IEEE PDF eXpress® converts the following application formats to PDF:

- Microsoft Word
- (La)TeX (LaTeX source file and supported image files must be included in a compressed zip archive)

## **Reviewing your PDF (Converted by IEEE PDF eXpress®)**

When your PDF is ready, you will receive an email with the PDF eXpress-generated PDF attached.

You may review the PDF attachment, or view it through your IEEE PDF eXpress® account. You will need Adobe Acrobat Reader 4.0 or later.

NOTE for online review: Some browsers cache the older version(s) of your PDF. To ensure that you are viewing the current version of your PDF, clear your browser's cache. To clear cache from the window displaying your PDF, select "View" from the browser's toolbar; press & hold the "control" key and select "Refresh" from the drop down list.

You are reviewing your PDF to ensure it looks as it did in the source file you provided. Pay close attention to special characters, as these may not convert correctly.

Printing your PDF and reviewing the hard copy is also recommended.

## **Revising your Submission**

Click on the "Try Again" button for the paper you want to change. Remember that you may submit either a PDF or source file(s), until you reach the maximum PDF Checks/Source File Conversions, for that title. If you reach both maximums for a title, contact [pdfsupport@ieee.org](mailto:pdfsupport@ieee.org).

**Never use Submit a New Title for a submission already in the IEEE PDF eXpress® database!**
